In this second edition of A Guide to Dissection of the Human Body, certain dissecting instructions have been revised to increase clarity. Methodical and comprehensive, the guide complements various anatomy courses. The terminology has been checked and brought up to date, in accordance with the latest version of Terminologia Anatomica (1998). The major aim of this guide remains — to provide a well-rounded dissecting manual that reinforces, but does not replace, a textbook of human anatomy.
