Principles of Microeconomics *Nelson Canada*

Principles of Microeconomics aims to bring economics to life for the first time student. Mankiw accomplishes this by writing a brief text which explains economics by the rules rather than the exceptions, and by balancing application with theory. He reveals to students how economics has relevance in their everyday lives, and through a strong policy orientation, shows them economics in action in the broader social arena. His conversational writing style succeeds in presenting the politics and science of economic theories to tomorrow's decision-makers. The Canadian edition maintains the virtues of the author's landmark U.S. text, while revising the content to reflect the differences of our small open economy.

Principles of Microeconomics 8th edition focuses on important concepts and analyses necessary for students in an introductory economics course. The learning material follows Mankiw's approach of providing a balance of Keynesian analyses of the short run and classical views of the long run. The table of contents focuses on the 10 core principles of economics to provide students with a clear understanding of the discipline. With an approachable, student-friendly writing style this resource allows all types of students to quickly grasp economic concepts and build a strong understand of how economics applies to the real world. Study Guide for Mankiw's Principles of Economics, 7th *Cengage Learning*

David R. Hakes (University of Northern Iowa) has prepared a study guide that will enhance your success. Each chapter of the study guide includes learning objectives, a description of the chapter's context and purpose, a chapter review, key terms and definitions, advanced critical-thinking questions, and helpful hints for understanding difficult concepts. You can develop your understanding of the material by doing the practice problems and answering the short-answer questions. Then you can assess your mastery of the key concepts with the self-test, which includes true/false and multiple-choice questions.
