Environmental justice means racial justice, say activists

...

Sustainability is a normative science, founded on the principles of justice and fairness within and between generations. However, the justice principles of sustainability are often subsumed or ignored in a variety of applications and uses. This Special Issue will explore ideas and examples of how sustainability and justice can be mutually supportive, providing plausible and desirable pathways for designing and implementing sustainable solutions to pressing challenges.

Sustainability | Special Issue : Sustainability and Justice

Our work has included the development of and participation in partnerships with community-based organizations, environmental advocacy groups, health practitioners, and policymakers (federal, state, and local government) to reduce local contamination, improve environmental quality, and enhance community health and sustainability.

Community Engagement, Environmental Justice & Health

Sustainability and justice are connected, in part, because injustice and environmental degradation are connected. And if we don't see the connections between

the problems, we're unlikely to see how the solutions must be integrated. This disconnect has been on my mind since I became interested in sustainable agriculture in the early 2000s.
