**We Are Many: Reflections on American Jewish History and ...**

Reflection is the process of making sense of an experience in order to learn and improve as a practitioner. 1 Often,

we reflect as part of our everyday practice without being aware that we are doing it – for example, on the way home from work. Using reflection within health and social care has benefits for patients and the profession. In order to do this effectively, reflection involves describing, analysing and evaluating experiences from practice in a way that helps you make sense of it.
