One of the Ten Best Books of The New York Times Book Review Winner of the Los Angeles Times Book Prize Now a miniseries

from Hulu starring James Franco ON NOVEMBER 22, 1963, THREE SHOTS RANG OUT IN DALLAS, PRESIDENT KENNEDY DIED, AND THE WORLD CHANGED. WHAT IF YOU COULD CHANGE IT BACK? In this brilliantly conceived tour de force, Stephen King—who has absorbed the social, political, and popular culture of his generation more imaginatively and thoroughly than any other writer—takes readers on an incredible journey into the past and the possibility of altering it. It begins with Jake Epping, a thirty-five-year-old English teacher in Lisbon Falls, Maine, who makes extra money teaching GED classes. He asks his students to write

about an event that changed their lives, and one essay blows him away—a gruesome, harrowing story about the night more than fifty years ago when Harry Dunning’s father came home and killed his mother, his sister, and his brother with a sledgehammer. Reading the essay is a watershed moment for Jake, his life—like Harry’s, like America’s in 1963—turning on a dime. Not much later his friend Al, who owns the local diner, divulges a secret: his storeroom is a portal to the past, a particular day in 1958. And Al enlists Jake to take over the mission that has become his obsession—to prevent the Kennedy assassination. So begins Jake’s new life

as George Amberson, in a different world of Ike and JFK and Elvis, of big American cars and sock hops and cigarette smoke everywhere. From the dank little city of Derry, Maine (where there's Dunning business to conduct), to the warmhearted small town of Jodie, Texas, where Jake falls dangerously in love, every turn is leading eventually, of course, to a troubled loner named Lee Harvey Oswald and to Dallas, where the past becomes heart-stoppingly suspenseful, and where history might not be history anymore. Time-travel has never been so believable. Or so terrifying.

From the American master conjurer of dark and swirling purpose, a moving reflection."—Robert Stone, The New York Review of Books "A narrative of tremendous energy and panache; the author at the top of his form."—Christopher Hitchens, Financial Times "The performance of an author relishing the force and reach of his own acuity."—Martin Amis, The Sunday Times (London) Praise for Norman Mailer "[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation."—The New York Times "A writer of the greatest and most reckless talent."—The New Yorker "Mailer is indispensable, an American treasure."—The Washington Post "A devastatingly alive and original creative mind."—Life "Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance."—The New York Review of Books "The largest mind and imagination [in modern] American literature . . . LBJ

The Mastermind of the JFK Assassination

Skyhorse

LBJ aims to prove that Vice President Johnson played an active role in the assassination of President Kennedy and that he began planning his takeover of the U.S. presidency even before being named the vice presidential nominee in 1960. Lyndon B. Johnson's flawed personality and character traits, formed as a child, grew unchecked for the rest of his life as he suffered severe bouts of manic-depressive illness. He successfully hid this disorder from the public as he bartered, stole, and finessed his way through the corridors of power on Capitol Hill, though it's recorded that some of

his aides knew of his struggle with bipolar disorder. After years of researching Johnson and the JFK assassination, Phillip F. Nelson conclusively shows that LBJ had an active role in JFK's assassination, and he includes newly-uncovered photographic evidence proving that Johnson knew when and where Kennedy's assassination would take place. Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history.

Full Dark, No Stars
Simon and Schuster

"I believe there is another man inside every man, a stranger . . ." writes Wilfred Leland James in the early pages of the riveting confession that makes up "1922," the first in this pitch-black quartet of mesmerizing tales from Stephen King. For James, that stranger is awakened when his wife, Arlette, proposes selling off the

family homestead and moving to Omaha, setting in motion a gruesome train of murder and madness. In "Big Driver," a cozy-mystery writer named Tess encounters the stranger along a back road in Massachusetts when she takes a shortcut home after a book-club engagement. Violated and left for dead, Tess plots a revenge that will bring her face-to-face with another stranger: the one inside herself. "Fair Extension," the shortest of these tales, is perhaps the nastiest and certainly the funniest. Making a deal with the devil not only saves Dave Streeter from a fatal cancer but provides rich recompense for a lifetime of resentment. When her husband of

more than twenty years is away on one of his business trips, Darcy Anderson looks for batteries in the garage. Her toe knocks up against a box under a worktable and she discovers the stranger inside her husband. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends a good marriage. Like *Different Seasons* and *Four Past Midnight*, which generated such enduring films as *The Shawshank Redemption* and *Stand by Me*, *Full Dark, No Stars* proves Stephen King a master of the long story form.

It

A Novel *Simon and Schuster*

It began -- and ended -- in 1958 when seven children searched in the drains beneath Derry for an evil creature, but in 1985, Mike, once one of those children, makes six phone calls and disinters an unremembered promise that sets off the ultimate terror.

The House of Kennedy *Little, Brown*

Now with an all-new bonus chapter—in the bestselling *The House of Kennedy*, “James

Patterson applies his writerly skills to real-life history . . . retelling the political clan’s rise and fall and rise again (and fall again) with novelistic style” (People). The Kennedys have always been a family of charismatic

adventurers, raised to take risks and excel, living by the dual family mottos: “To whom much is given, much is expected” and “Win at all costs.” And they do—but at a price. Across decades and generations, the Kennedys have occupied a unique place in the American imagination: charmed, cursed, at once familiar and unknowable. The House of Kennedy is a revealing, fascinating account of America’s most storied family, as told by America’s most

trusted storyteller.

Mystery Novel, and the Oklahoma Book Award for Best Fiction Novel! Set against the assassination of JFK, a poignant and evocative crime novel that centers on a desperate cat-and-mouse chase across 1960s America—a story of unexpected connections, daring possibilities, and the hope of second chances from the Edgar Award-winning author of *The Long and Faraway Gone*. Frank Guidry's luck has finally run out. A loyal street lieutenant to New Orleans' mob boss Carlos Marcello, Guidry has learned that everybody is expendable. But now it's his turn—he knows too much about the crime of the century: the assassination of President John F.

Kennedy. Within hours of JFK's murder, everyone with ties to Marcello is turning up dead, and Guidry suspects he's next: he was in Dallas on an errand for the boss less than two weeks before the president was shot. With few good options, Guidry hits the road to Las Vegas, to see an old associate—a dangerous man who hates Marcello enough to help Guidry vanish. Guidry knows that the first rule of running is "don't stop," but when he sees a beautiful housewife on the side of the road with a broken-down car, two little daughters and a dog in the back seat, he sees the perfect disguise to cover his tracks from the hit men on his tail. Posing as an insurance man, Guidry offers to help Charlotte

reach her destination, California. If she accompanies him to Vegas, he can help her get a new car. For her, it's more than a car—it's an escape. She's on the run too, from a stifling existence in small-town Oklahoma and a kindly husband who's a hopeless drunk. It's an American story: two strangers meet to share the open road west, a dream, a hope—and find each other on the way. Charlotte sees that he's strong and kind; Guidry discovers that she's smart and funny. He learns that she's determined to give herself and her kids a new life; she can't know that he's desperate to leave his old one behind. Another rule—fugitives shouldn't fall in love, especially with each

other. A road isn't just a road, it's a trail, and Guidry's ruthless and relentless hunters are closing in on him. But now Guidry doesn't want to just survive, he wants to really live, maybe for the first time. Everyone's expendable, or they should be, but now Guidry just can't throw away the woman he's come to love. And it might get them both killed.

Lady in the Lake

A Novel *HarperCollins*

A New York Times Bestseller The revered New York Times bestselling author returns with a novel set in 1960s Baltimore that combines modern psychological insights with elements of classic noir, about a middle-aged housewife

turned aspiring reporter who pursues the murder of a forgotten young woman. In 1966, Baltimore is a city of secrets that everyone seems to know—everyone, that is, except Madeline “Maddie” Schwartz. Last year, she was a happy, even pampered housewife. This year, she's bolted from her marriage of almost twenty years, determined to make good on her youthful ambitions to live a passionate, meaningful life. Maddie wants to matter, to leave her mark on a swiftly changing world. Drawing on her own secrets, she helps Baltimore police find a murdered girl—assistance that leads to a job at the city's afternoon

newspaper, the Star. Working at the newspaper offers Maddie the opportunity to make her name, and she has found just the story to do it: Cleo Sherwood, a missing woman whose body was discovered in the fountain of a city park lake. If Cleo were white, every reporter in Baltimore would be clamoring to tell her story. Instead, her mysterious death receives only cursory mention in the daily newspapers, and no one cares when Maddie starts poking around in a young Black woman's life—except for Cleo's ghost, who is determined to keep her secrets and her dignity. Cleo scolds the ambitious Maddie: You're interested in my death, not my life. They're not the same

thing. Maddie's investigation brings her into contact with people that used to be on the periphery of her life—a jewelry store clerk, a waitress, a rising star on the Baltimore Orioles, a patrol cop, a hardened female reporter, a lonely man in a movie theater. But for all her ambition and drive, Maddie often fails to see the people right in front of her. Her inability to look beyond her own needs will lead to tragedy and turmoil for all sorts of people—including Ferdie, the man who shares her bed, a police officer who is risking far more than Maddie can understand.

11/22/63 Special Signed Edition

A Novel *Scribner*

On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King's heart-stoppingly dramatic new novel is about a man who travels back in time to prevent the JFK assassination—a tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment—a real life moment—when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-

year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students—a gruesome, harrowing first person story about the night fifty years ago when Harry Dunning's father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a smashed leg, as evidenced by his crooked walk. Not much later, Jake's friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane—and insanely possible—mission to try to prevent the Kennedy assassination. So begins Jake's new

life as George Amberson and his new world of Elvis and JFK, of big American cars and sock hops, of a troubled loner named Lee Harvey Oswald and a beautiful high school librarian named Sadie Dunhill, who becomes the love of Jake's life—a life that transgresses all the normal rules of time. A tribute to a simpler era and a devastating exercise in escalating suspense, *11/22/63* is Stephen King at his epic best.

The Trial and Execution of the Traitor George Washington

Harlequin

A thought-provoking novel that imagines what would have happened if the British had succeeded in kidnapping General

George Washington. British special agent Jeremiah Black, an officer of the King's Guard, lands on a lonely beach in the wee hours of the morning in late November 1780. The revolution is in full swing but has become deadlocked. Black is here to change all that. His mission, aided by Loyalists, is to kidnap George Washington and spirit him back to London aboard the HMS *Peregrine*, a British sloop of war that is waiting closely offshore. Once he lands, though, the "aid by Loyalists" proves problematic because some would prefer just to kill the general outright. Black manages—just—to get Washington aboard the *Peregrine*, which sails away. Upon their

arrival in London, Washington is imprisoned in the Tower to await trial on charges of high treason. England's most famous barristers seek to represent him but he insists on using an American. He chooses Abraham Hobhouse, an American-born barrister with an English wife—a man who doesn't really need the work and thinks the “career-building” case will be easily resolved through a settlement of the revolution and Washington's release. But as greater political and military forces swirl around them and peace seems ever more distant, Hobhouse finds that he is the only thing keeping Washington from the hangman's

noose. Drawing inspiration from a rumored kidnapping plot hatched in 1776 by a member of Washington's own Commander-in-Chief Guard, Charles Rosenberg has written a compelling novel that envisions what would take place if the leader of America's fledgling rebellion were taken from the nation at the height of the war, imperiling any chance of victory.

The Magicians and The Magician King
Penguin

Two novels from New York Times bestselling author Lev Grossman: *The Magicians* and its riveting sequel, *The Magician King*. *THE MAGICIANS*: Quentin Coldwater is brilliant but miserable. A high school math genius, he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted

to an elite, secret college of magic, it looks like his wildest dreams may have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined... *The Magicians* is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination. *THE MAGICIAN KING*: Quentin Coldwater should be happy. He

escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real-world and not in Fillory, as they'd hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia's illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.
