Call of Cthulhu 7th Ed. QuickStart
HORROR ROLEPLAYING IN THE WORLDS OF H.P. LOVECRAFT "The Great Old Ones ruled the earth aeons before the rise of humankind. Originally they came from the gulfs of space and were cast down by even greater beings. Remains of their cyclopean cities and forbidden knowledge can still be found on remote islands in the Pacific, buried amid the shifting sands of vast deserts, and in the frigid recesses of the polar extremes. Now they sleep — some deep within the enveloping earth and others beneath the eternal sea, in the drowned city of R'lyeh, preserved in the waters by the spells of mighty Cthulhu. When the stars are right they will rise, and once again walk this Earth." Welcome to Chaosium's CALL OF CTHULHU 7th EDITION QUICK-START rules, a booklet that collects the essential rules for CALL OF CTHULHU 7th Edition and presents them in abbreviated form.This book comprises a complete basic roleplaying game system, a framework of rules aimed at allowing players to enact a sort of improvisational radio theater—only without microphones—and with dice determining whether the characters succeed or fail at what they attempt to do. In roleplaying games, one player takes on the role of the gamemaster (or Keeper, in Call of Cthulhu), while the other player(s) assume the roles of player characters (investigators, in Call of Cthulhu) in the game. The gamemaster also acts out the roles of characters who aren't being guided by players: these are called non-player characters (NPCs).From its origin, CALL OF CTHULHU was designed to be intuitive and easy to play. Character attributes follow a 3D6 curve, and the other CALL OF CTHULHU mechanics are even simpler. Virtually all rolls determining success or failure of a task are determined via the roll of percentile dice. This means that there's less fiddling with dice of different types, and the concept of a percentile chance of success is extremely easy for beginners and experienced players to grasp.Use this booklet to play CALL OF CTHULHU immediately, and to discover the improvements to the system. Games rules, an updated character sheet, and a classic adventure are included.

APOCTHULHU Quickstart (Classic B&W)
Horror Roleplaying in Terrifying Realms of Lovecraftian Apocalypses. Lovecraftian roleplaying typically sees brave Mythos investigators foiling plots to corrupt our familiar world. But what happens when the heroes DON'T save the day? When the cult's apocalyptic schemes succeed? What comes next? That's what APOCTHULHU is about. APOCTHULHU is a tabletop roleplaying game from Cthulhu Reborn that lets you explore many different past or future worlds where the Mythos somehow took control. Perhaps human civilizations fell when Shub-Niggurath bestowed a terrible gift of fertility on the Earth? Or when Nyarlathotep's words seduced superpowers into mutual annihilation? Did R'lyeh rise, waking you-know-who? APOCTHULHU is built upon a simple yet elegant d100 system. Players take on the roles of everyday people who are Survivors in a Post-Apocalyptic world. Game mechanics emphasize the lethality of life in the fallen world, in terms of threats to health and sanity. Rules also cover scavenging equipment and resources, often the only way Survivors can obtain scarce supplies. By investigating horrors of the Post-Apocalyptic world and defeating their schemes and agents, Survivors might just guarantee their community lives to carry on the fight. Or they might unearth secrets that can one day overthrow the Mythos overlords. The APOCTHULHU Quickstart is a beautifully illustrated 72-page book presenting: - a simplified but feature-complete version of the game rules, which can have you up and running APOCTHULHU in minutes, - rules for generating player character Survivors, - six pre-made Survivor characters which can be used to pick up and play immediately, - an example Lovecraftian Post-Apocalypse, and - an introductory scenario, "Amber Waves" which puts the Survivors in the middle of a dangerous situation in the overgrown ruins of rural Kansas town. Whether you want a ready-made one-shot, or an ongoing campaign of gritty survival horror, APOCTHULHU is your gateway to nightmarish versions of humanity's past or future. Do you have what it takes to be an Apocalypse Survivor?

In roleplaying games, one player takes on the role of the gamemaster (GM), while the other player(s) assume the roles of player characters (PCs) in the game. The gamemaster also acts out the roles of characters who aren't being guided by players: these are called non-player characters (NPCs).From its origin, BASIC ROLEPLAYING was designed to be intuitive and easy to play. Character attributes follow a 3D6 curve, and the other BASIC ROLEPLAYING mechanics are even simpler. Virtually all rolls determining success or failure of a task are determined via the roll of percentile dice. This means that there's less fiddling with dice of different types, and the concept of a percentile chance of success is extremely easy for beginners and experienced players to grasp. There aren't many easier ways to say a character has a 70% chance of succeeding at an activity.The core virtues of the system are as evident today as they were when it was first introduced. Primary characteristics of BASIC ROLEPLAYING that have emerged from decades of play, across many different varieties of the system are as follows: * The system is remarkably friendly to newcomers. It is easy to describe the basics of the game system, and the percentile mechanics, to non-gamers.* Players of other game systems often find BASIC ROLEPLAYING to be much less mechanistic and less of a barrier to the actual act of roleplaying. Less time spent on game systems usually equals more time available for roleplaying and thinking “in character.” * Most of the information players need to know is present on their character

sheets.Characters tend to evolve based on practicing the skills they use the most. They do not arbitrarily gain experience in skills and qualities based on ephemeral elements such as levels or experience ranks.* Combat can be very quick and deadly, and often the deciding blow in a conflict is the one to land first.* BASIC ROLEPLAYING is remarkably modular: levels of complexity can be added or removed as needed, and the core system works equally well with considerable detail as it does with a minimal amount of rules.* The internal consistency of BASIC ROLEPLAYING allows for rules judgments to be made rapidly and with little searching through the rulebook for special cases.This book represents a first for BASIC ROLEPLAYING—a system complete in one book, without a defined setting. Previously, BASIC ROLEPLAYING has been an integral part of standalone games, usually with rich and deep world settings. Due to differences in these settings, BASIC ROLEPLAYING has had many different incarnations. Variant and sometimes contradictory rules have emerged between versions, to better support one particular setting over another.Chaosium's BASIC ROLEPLAYING system reconciles these different flavors of the system and brings many variant rules together between the covers of one book, something that has never been done before. Some of these rules are provided as optional extensions, some as alternate systems, and others have been integrated into the core system. By design, this work is not a reinvention of BASIC ROLEPLAYING nor a significant evolution of the system. It is instead a collected and complete version of it, without setting, provided as a guide to players and gamemasters everywhere and compatible with most BASIC ROLEPLAYING games. It also allows the gamemaster the ability to create his or her own game world (or worlds), to adapt others from fiction, films, or even translate settings from other roleplaying games into BASIC ROLEPLAYING.
