Ottman Music For Sight Singing

Over fifty years ago, Robert W. Ottman
 set out to write a book that draws
 examples from the literature as opposed
 to being composed by the author. He
 proposed that students should work with
 "real" music as they study musical
 forms. The result was Music for Sight

Singing.

The result was Music for Sight Singing. Not only is real music more enjoyable and interesting to sing than dry examples, but genuine repertoire naturally introduces a host of important musical considerations beyond pitch and rhythm (including dynamics, accents, articulations, slurs, repeat signs, and tempo markings). Several generations of teachers have also agreed that Ottman's ability to order his examples from the simple to the complex is another key to the book's long term success.
