In order for work to be performed safely and correctly many parts replacement procedures and repair procedures must be done by trained Polaris service technicians in a properly equipped shop. You must read the service manual and be familiar with the service procedures before starting the work. Certain procedures require the use of special

tools that are not available to the general public and your dealer will have to perform these procedures for you as necessary.

With excellent acceleration, ability to reach high speeds, and great agility, it feels like a high-performance motorcycle on the water. Still, sometimes even such a reliable machine as your Polaris requires repairs. Some of its parts get faulty and damaged due to various reasons from constant exposure of water and UV rays to underwater rocks.
