Management Of Visual Aids At

It is important that visual aids are not used to replace language, but used alongside it to aid communication. . Children with additional needs can use visual aids to communicate their needs and feelings with practitioners. It is a good idea to make visual cards accessible to the children so they are able to access them at all times of the day. Visual aids come in many forms to support communication and language

Using visual aids in your setting to support communication

Visual aids are an important part of presentations. They can help to keep your audience engaged, make your point for you—there is a reason why people say that a picture tells a thousand words—and remind you what you want to say. However, you can also take them too far. If good use of visual aids can make a presentation, poor use can ruin it.
