California Science And Writing Teacher

The pandemic has forced teachers to adapt goals and lessons to a virtual setting where teachers and students no longer share the same class or lab space. And that has made it difficult for some teachers to continue teaching California's new science standards, which put a stronger emphasis on hands-on learning.

California science teachers look for new ways to bring ...

Since 2016, the program has partnered with California school districts to train more than 800 teacher leaders in the science standards and teaching

strategies, and about 90% of those teachers work in Title 1 schools that enroll large numbers of students from low-income families.
