Proprietary Security in Movable Assets - Principles of ...

This new volume of the Principles of European Law series deals with proprietary security in movable assets. Since credits are (usually) only granted to companies and to consumers against security, the rules on collateral securities in both movables and monetary claims are of great practical importance in the Draft Common Frame of Reference (DCFR), which was drawn up at the European level.

Proprietary Security in Moveable Assets (Principles of ...

Scots law recognises five main types of security which can be taken over moveable assets: pledge, assignation, lien, hypothec (which is rarely used) and the floating charge. In deciding what security to take, lenders need to consider several factors including the type and location of the asset to be secured and the requirements of each security against the other possible options.
