Turnkey Business Definition

A turnkey solution is a solution that can easily be implemented based on the resources already at the disposal of a company or individual. In most cases, it is one of the more desirable ways to effect a solution, but may not be an option regularly.

What is a Turnkey Solution? (with picture)

A turnkey solution provider is a solution provider that offers limited consultation and one or more established product packages that allow only minimal configuration. In comparison, regular solution providers offer much more customized service. For example, a solution provider may learn about the client's needs for a database server, and then help clients choose the best server configuration and database software to meet their workload and growth projections.

What is turnkey solution provider? - Definition from ...

A website with a ready-made solutions and some configurations is called a turnkey website. In real estate, turnkey is defined as a home or property that is ready for occupation for its intended purpose, i.e., a home that is fully functional, needs no upgrading or repairs (move-in ready). In commercial use, a building set up to do auto repairs would be defined as turnkey if it came fully stocked with all needed machinery and tools for that particular trade.
