The story you are about to read is true. The names have not been changed to protect the guilty. This book may have the effect of changing your life. After reading this book, you will never look at national and world events in the same way again. Call It Conspiracy will be a very controversial book. At first it will receive little publicity and those whose plans are exposed in it will try to kill it by the silent treatment. For reasons that become obvious as you read this book, it will not be reviewed in all the "proper" places or be available on your local bookstand. However, there is nothing these people can do to stop a grassroots book distributing system. Eventually it will be necessary for the people and organizations named in this book to try to blunt its effect by attacking it or the author. They have a tremendous vested interest in keeping you from discovering what they are doing. And they have the big guns of the mass media at their disposal to fire the barrages at Call It Conspiracy. By sheer volume, the "experts" will try to ridicule you out of investigating for yourself as to whether or not the information in this book is true. They will ignore the fact that the author admits that some of his ideas are about to conjecture because the people who know the truth are not about to confess. They will find a typographical error or argue some point that is open to debate. If necessary, they will lie in order to protect themselves by smearing this book. Psychologically many people would prefer to believe those who pooh-pooh the information herein because we all like to ignore bad news. We do so at our own peril! In this edition, Larry Abraham has at last revised, None

Dare Call It Conspiracy, and brought it up to date. The events of the last fifteen years have served Larry's thesis quite well. As far as Larry is concerned, the history of 1970-85 has been a kind of giant grab-bag of goodies that reinforce his original thesis. The arguments for the existence of a conspiracy are stronger today than they have ever been, especially when we lay them alongside of what was said and written before. Therefore, chapters one through seven are going to remain the same as in the original book, None Dare Call It Conspiracy. The bracketed updates are new, and so are chapters eight through thirteen, plus the various appendices.

Say "NO!" to the New World Order Dauphin Publications

Since the end of World War II, forty three nations, representing nearly one-third the earth's surface, have fallen to Communism. In every single instance, the US State Department was a willing and knowing accomplice to the betrayal. Why? The world's richest capitalists have for decades cooperated with and bankrolled their alleged mortal enemies, the Communists. Why? As you will learn in this book, it was planned that way, as part of an elitists' scheme to create a New World Order. In this book, you'll find the conspirators' plans revealed in their own words. Even more important, you'll learn how they can be stopped. After reading the manuscript of Say "NO!" to the New World Order, Conservative Caucus chairman Howard Phillips said, "This can be the biggest-selling Conservative book in history." It not only can be...it must be.

The Rise of the Fourth Reich

The Secret Societies That Threaten to Take Over America Harper Collins

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty

years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

The Illuminati

Facts & Fiction *Mark Dice*

Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - Magick: In Theory and Practice - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J. The Naked Communist

Exposing Communism and Restoring Freedom *Izzard Ink*

A timely update to the phenomenal national bestseller. Soon after its quiet release during the height

of the Red Scare in 1958, *The Naked Communist* exploded in popularity, selling almost two million copies to date and finding its way into the libraries of the CIA, the FBI, the White House, and homes all across the United States. From the tragic falls of China, Korea, Russia, and the UN, to the fascinating histories of Alger Hiss, Whittaker Chambers, Elizabeth Bentley, and General MacArthur, *The Naked Communist* lays out the entire graphic story of communism, its past, present, and future. After searching unsuccessfully for a concise literature on the communist threat, W. Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation. So he distilled his FBI experience, decades of research, and more than one hundred communist books and treatises into one clarifying, readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan, Glenn Beck, and Ben Carson. Lauded by one reviewer as "the most powerful book on communism since J. Edgar Hoover's *Masters of Deceit*," this text draws a detailed picture of the communist as he sees himself: stripped of propaganda and pretense. Readers gain a unique insight into the inner workings of communism—its appeal, its history, its basic and unchanging concepts, even its secret timetable of conquest. Among the many questions *The Naked Communist* answers are: * Who gave the United States' nuclear secrets to the Russians? * How did the FBI fight communism after it was forced underground in 1918? * Why did the West lose 600 million allies after World War II? * What really happened in Korea? * What is communism's great secret weapon? * What lies ahead? * What can I do to stop communism? * How can we fight communism without a major war? Now updated for 2017, this edition includes a chapter on the forty-five Communist Goals, detailing how forty-four of those goals have been achieved in the U.S. already, as well as a chapter on the making of *The Naked Communist*, shedding light on how this book has sold almost two million copies. As relevant now as it was sixty years ago, Skousen's groundbreaking work provides a renewed understanding of one of the greatest threats facing America today. Praise for W. Cleon Skousen: "No one is better qualified to discuss the threat to this nation from communism. You will be alarmed, you will be informed, and you'll be glad you heard him."—President Ronald Reagan "I have never given any volume such an unqualified endorsement."—CBS national broadcaster Paul Harvey "I went back and I read *The Naked Communist*, and at the end of that, Skousen predicted [that] someday soon you won't be able to find the truth in schools or in libraries or anywhere else because it won't be in print anymore. So you must collect those books. It's an idea I read from Cleon Skousen from his book in the 1950s, *The Naked Communist*, where he talked about [how] someday the history of this country's going to be lost because it's going to be hijacked by intellectuals and communists and everything else. And I think we're there."—Glenn Beck, host of the nationally syndicated Glenn Beck Radio Program "The Naked Communist lays out the whole progressive plan. It is unbelievable how fast it has been achieved."—Dr. Ben Carson (The Sean Hannity Show; May 23, 2014) "I feel certain that your efforts on this important subject will receive widespread attention and consideration."—J. Edgar Hoover, first Director of the Federal Bureau of Investigation "We believe in a moral code. Communism denies innate right or wrong. As W. Cleon Skousen has said in his timely book, *The Naked Communist: The communist 'has convinced himself that nothing is evil which answers the call of expediency.'* This is a most damnable doctrine. People who truly accept such a philosophy have neither conscience nor honor. Force, trickery, lies, broken promises are wholly justified."—Ezra Taft Benson, United States

Secretary of Agriculture under President Eisenhower

The Essential Mae Brussell

Investigations of Fascism in America *Feral House*

"Mae's work may be more relevant now than in her heyday. Like those of many other freedom fighters throughout history, the ghost of Mae Brussell will never rest till justice is served."—Tim Cahill "The main Brussell thesis, if I dare risk commit the sin of summary on her complex work, was that an ex-Nazi scientist-Old Boy OSS clique in the CIA using Mafia hit men changed the course of American history by bumping off one and all, high and low, who became an irritant to them."—Warren Hinkle, San Francisco Examiner columnist The Essential Mae Brussell is a compilation of chilling essays and radio transcripts by the seminal American anti-fascist researcher, famously supported by John Lennon and Yoko Ono. Mae Brussell was a married housewife with five children living in southern California before she took up the study of fascism in America. After the Kennedy assassination, she purchased the twenty-six-volume Warren Commission Report, and compiled, for herself, evidence that Lee Harvey Oswald was, as he maintained after his arrest, a "patsy." She had a regular radio broadcast on KLRB, an independent FM radio station in Carmel, California. She also published articles in Paul Krassner's the Realist, Hustler, People's Almanac, and the Berkeley Barb. In 1983, Mae's hour-long program shifted to KAZU-FM in Pacific Grove, California, and she remained on the air weekly until her final broadcast in June 1988. On October 3, 1988, at sixty-six, Brussell died of cancer.

How America Went Haywire: A 500-Year History *Random House*

NEW YORK TIMES BESTSELLER • “The single most important explanation, and the fullest explanation, of how Donald Trump became president of the United States . . . nothing less than the most important book that I have read this year.”—Lawrence O’Donnell How did we get here? In this sweeping, eloquent history of America, Kurt Andersen shows that what’s happening in our country today—this post-factual, “fake news” moment we’re all living through—is not something new, but rather the ultimate expression of our national character. America was founded by wishful dreamers, magical thinkers, and true believers, by hucksters and their suckers. Fantasy is deeply embedded in our DNA. Over the course of five centuries—from the Salem witch trials to Scientology to the Satanic Panic of the 1980s, from P. T. Barnum to Hollywood and the anything-goes, wild-and-crazy sixties, from conspiracy theories to our fetish for guns and obsession with extraterrestrials—our love of the fantastic has made America exceptional in a way that we've never fully acknowledged. From the start, our ultra-individualism was attached to epic dreams and epic fantasies—every citizen was free

to believe absolutely anything, or to pretend to be absolutely anybody. With the gleeful erudition and tell-it-like-it-is ferocity of a Christopher Hitchens, Andersen explores whether the great American experiment in liberty has gone off the rails. Fantasyland could not appear at a more perfect moment. If you want to understand Donald Trump and the culture of twenty-first-century America, if you want to know how the lines between reality and illusion have become dangerously blurred, you must read this book. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE “This is a blockbuster of a book. Take a deep breath and dive in.”—Tom Brokaw “[An] absorbing, must-read polemic . . . a provocative new study of America’s cultural history.”—Newsday “Compelling and totally unnerving.”—The Village Voice “A frighteningly convincing and sometimes uproarious picture of a country in steep, perhaps terminal decline that would have the founding fathers weeping into their beards.”—The Guardian “This is an important book—the indispensable book—for understanding America in the age of Trump.”—Walter Isaacson, #1 New York Times bestselling author of Leonardo da Vinci

The Falsification of History: Our Distorted Reality *Lulu Press, Inc*

This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel ‘1984’, by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive ‘celebrity culture’ that attempts to pervade our whole lives.

Weird Scenes Inside The Canyon

Laurel Canyon, Covert Ops & The Dark Heart Of The Hippie Dream *SCB Distributors*

The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia. Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times. Members of bands like the Byrds, the Doors, Buffalo Springfield, the Monkees, the Beach Boys, the Turtles, the Eagles, the Flying Burrito Brothers, Frank Zappa and the Mothers of Invention, Steppenwolf, CSN, Three Dog Night and Love, along with such singer/songwriters as Joni Mitchell, Judy Collins, James Taylor and Carole King, lived together and jammed together in the bucolic community nestled in the Hollywood Hills. But there was a dark side to that scene as well. Many didn't make it out alive, and many of those deaths remain shrouded in mystery to this day. Far more integrated into the scene than most would like to admit was a guy by the name of Charles Manson, along with his murderous entourage. Also floating about the periphery were various political operatives, up-and-coming politicians and intelligence personnel – the same sort of people who gave birth to many of the rock stars populating the canyon. And all the canyon's colorful characters – rock stars, hippies, murderers and politicians – happily coexisted alongside a covert military installation.

Tavistock Institute

Social Engineering the Masses *TrineDay*

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

The Greening: The Environmentalists' Drive for Global Power *Dauphin Publications*

Would you believe the environmental movement is a scam? That certain people are using "bad science" and big government to line their own pockets...and create a New World Order? Larry H. Abraham (co-author of *None Dare Call It Conspiracy*) and Franklin Sanders prove that earth is not dying. We are not running out of clean air, trees, or even oil. There are plenty of animals on the endangered list that don't belong there. And all of this is scientifically proven. The Greening gives you hard facts on the environment movement and who is really behind it. It's shocking, factual, and compelling refutation of the idea that the earth is dying and the end is near. If you don't know what The Greening really means for your nation and our world, you must read this book.

The Paranoid Style in American Politics, and Other Essays *Vintage*

What Are We to Do with Our Lives? *Read Books Ltd*

This vintage book contains H. G. Wells's "The Open Conspiracy: Blue Prints for a World Revolution" (first published in 1928). Wells describes the book as a 'scheme to thrust forward and establish a human control over the destinies of life, and liberate it from its present dangers, uncertainties and miseries.' The text suggests that, thanks to scientific advancement, a world 'politically, socially and economically unified' is being established by educated and influential people which could be the foundation of 'a world revolution aiming at universal peace.' This fascinating and thought-provoking treatise will appeal to those with an interest in utopian literature, and it is not to be missed by fans and collectors of Wells's work. Herbert George Wells (1866 - 1946) was a seminal English writer whose notable works include "The War of the Worlds" (1897) and "The Time Machine" (1895). Many antiquarian texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this book now, in an affordable, high-quality, modern edition. It comes complete with a specially commissioned biography of the author.

Sausage

A Global History *Reaktion Books*

When you get right down to it, taking the intestine of an animal and stuffing it with the ground meat of that animal doesn't really seem all that intuitive an approach to food preparation. But, as Gary Allen shows in this rich and engaging history, people worldwide have been making sausage for

thousands of years. A veritable alphabet of sausages, from the Cajun andouille—and its less spicy forerunner, a French saucisson of the same name—and Mexican chorizo all the way to the Italian zampone, Allen tells a story of relentless creativity and invention, as different cultures found countless delectable ways to transform these otherwise unappealing pieces of meat. Allen peppers his account with examples from all over the world, as well as antique posters and advertisements, artworks and cartoons; together, they build a picture of a food that has been beloved—even as it's scoffed at—throughout human history, and remains a spicy favorite today.

The Deep State

The Fall of the Constitution and the Rise of a Shadow Government *Penguin*

The New York Times bestselling author of *The Party Is Over* delivers a no-holds-barred exposé of who really wields power in Washington. Every four years, tempers are tested and marriages fray as Americans head to the polls to cast their votes. But does anyone really care what we think? Has our vaunted political system become one big, expensive, painfully scripted reality TV show? In this cringe-inducing expose of the sins and excesses of Beltwayland, a longtime Republican party insider argues that we have become an oligarchy in form if not in name. Hooked on war, genuflecting to big donors, in thrall to discredited economic theories and utterly bereft of a moral compass, America's governing classes are selling their souls to entrenched interest while our bridges collapse, wages stagnate, and our water is increasingly undrinkable. Drawing on insights gleaned over three decades on Capitol Hill, much of it on the Budget Committee, Lofgren paints a gripping portrait of the dismal swamp on the Potomac and the revolution it will take to reclaim our government and set us back on course.

Tragedy and Hope 101

The Illusion of Justice, Freedom, and Democracy *Brushfire Publishing*

The information contained in this book contradicts nearly everything you've been led to believe about democracy and "representative government." Based on the groundbreaking research of respected historian Carroll Quigley, "Tragedy and Hope 101" reveals an unimaginably devious political system, skillfully manipulated by a handful of elite, which is undermining freedom and democracy as we know it. The goal of those who control the system, in Quigley's own words, is to dominate "all habitable portions of the world." Using deception, theft, and violence, they have achieved more toward this goal than any rulers in human history. However, the Information Age is quickly derailing their plans. The immorality of their system, and those who serve it, has become nearly impossible to hide. Awareness and resistance are growing...Tragedy is yielding to hope.

On Liberty and the Subjection of Women *Penguin UK*

A prodigiously brilliant thinker who sharply challenged the beliefs of his age, the political and social radical John Stuart Mill was the most influential English-speaking philosopher of the nineteenth century. Regarded as one of the sacred texts of liberalism, his great work *On Liberty* argues lucidly that any democracy risks becoming a 'tyranny of opinion' in which minority views are suppressed if they do not conform with those of the majority. Written in the same period as *On Liberty*, shortly after the death of Mill's beloved wife and fellow-thinker Harriet, *The Subjection of Women* stresses the importance of equality for the sexes. Together, the works provide a fascinating testimony to the hopes and anxieties of mid-Victorian England, and offer a compelling consideration of what it truly means to be free.
