### **Five Views**

*InterVarsity Press*

Abortion. Physician-assisted suicide. Same-sex marriages. Embryonic stem-cell research. Poverty. Crime. What is a faithful Christian response? The God of

the Bible is unquestionably a God of justice. Yet Christians have had their differences as to how human government and the church should bring about a just social order. Although Christians share many deep and significant theological convictions, differences that threaten to divide them have often surrounded the matter of how the church collectively and Christians individually ought to engage the public square. What is the mission of the church? What is the purpose of human government? How ought they to be related to each other? How should social injustice be redressed? The five noted contributors to this volume answer these questions from within their distinctive Christian theological traditions, as well as responding to the other four positions. Through the presentations and ensuing dialogue we come to see more clearly what the differences are, where their positions overlap and why they diverge. The contributors and the positions taken include Clarke E. Cochran: A Catholic Perspective Derek H. Davis: A Classical Separation Perspective Ronald J. Sider: An Anabaptist Perspective Corwin F. Smidt: A Principled Pluralist Perspective J. Philip Wogaman: A Social Justice Perspective This book will be instructive for anyone seeking to grasp the major Christian alternatives

and desiring to pursue a faithful corporate and individual response to the social issues that face us.

### **Historic Falls Church**

*Arcadia Publishing*

Fertile soil and abundant streams at former Indian cross trails provided ideal farmland around a prominent 18th-century-era church that gave the town of Falls Church its name. The first known home, Big Chimneys, was built around 1699. A mere seven miles from downtown Washington, DC, Falls Church sat close enough to witness the nation's capital burn during the War of 1812. Once the largest farm population center in what was then Fairfax County,

Falls Church has slowly evolved over the past three centuries. The town has seen the coming of Revolutionary independence and was transformed by the Civil War. Since 1900, residents have experienced the growth of the post-World War II suburban ideal and felt the impact of the civil rights movement, ultimately developing Falls Church into a unique town with established religious, educational, and civic institutions amidst urban sprawl.

Jenkins contends that these churches house a gallery of vernacular art without equal in the world. Here, he brings that museum to public attention.

To those of you who believe church is the worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to

"Brett Anderson weaves a picture of the church that is stark and real. ## **The Megachurch Book**

### **The Community Gave Rise to the Megachurch. Now the Favor Must Be Returned** *CKBryant*

The book primarily focuses

on trends and practices that are found in African American community based megachurches. Certain topics are written in prose and biblical metaphoric style for greater impact. The more biblical versed a reader is, the more the book will resonate. In order to accommodate various levels of biblical familiarity, the author includes a Discussions and Supporting Scriptures section at the conclusion of each topic. The Megachurch Book was written to open dialogue, invoke discourse, and inspire church attendees to not only consider the appropriateness of certain megachurch practices, but to also question such practices.

## **Starting a New Church**

### **The Church Planter's Guide to Success** *Gospel Light Publications*

According to the author perhaps our greatest responsibility is to evangelize our own generation. Yet established churches are not able to do that. In fact, rising generations of Americans live in ignorance of Jesus Christ and have no moral absolutes. Aggressive church planting, the author believes, is the answer to the problem, because new churches focus on the needs of each new generation and present biblical truth in the cultural context that best reaches those people. The objectives of this

book are to lay down the challenge to consider becoming a church planter while at the same time screen out wishful thinking and focus on the practical challenges of church planting. This authoritative and edgy message is the next thing in evangelism.

### **Surprised by Hope**

### **Rethinking Heaven, the Resurrection, and the Mission of the Church** *Zondervan*

For years Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a

Christian's future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He provides a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, all this will come as a great surprise. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation—and if this has already begun in Jesus's resurrection—the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.

**Who Runs the Church?**

#### **4 Views on Church Government**

*Zondervan*

Churches have split and denominations have formed over the issue of church government. While many Christians can explain their church's form of rule or defend it because of its "tried and true" traditions, few people understand their church's administrative customs from a biblical perspective. *Who Runs the Church?* explores questions such as: What model for governing the church does the Bible provide, and is such a model given for practical or spiritual reasons? Is there room for different methods within Christianity? Or is there a right way of "doing church"? And, finally, how (and by whom)

should the church be governed? Four predominant approaches to church government are presented by respected proponents: Episcopalianism - represented by Peter Toon Presbyterianism - represented by L. Roy Taylor Single-Elder Congregationalism - represented by Paige Patterson Plural-Elder Congregationalism - represented by Samuel E. Waldron As in other Counterpoints books, each view is followed by critiques from the other contributors, and its advocate then responds.

## **Futuring**

### **Leading Your Church Into Tomorrow** *Baker Publishing Group*

The church's task is to communicate a holistic, life-changing gospel. To do that, says Samuel Chand, leaders are compelled to meet the needs of the times. In *Futuring*, this vibrant voice underscores the foundational message of the gospel but insists the messaging methods must change

or lose all effectiveness. Chand introduces a fresh metaphor for church leadership, that of working with both natives, longtime church members who dutifully carry on as usual, and immigrants, newcomers mobilized by compassion and community. He outlines ten traits of potent leaders, who go before both natives and immigrants, including: sensitivity to all: a celebration of racial, vocational, generational, and gender diversity technophilia: future leaders need to embrace emerging technology healthy lifestyles: biotechnology changes the face of pastoral care lifelong learning: continuing education is no longer a luxury

future gazing: futuring church leaders forecast trends, envision scenarios, and help create the desired future. Sure to create a buzz, this effervescent manual is for any church leader who wants to respond to changing needs by moving out of the past and into the future.

## **Women in the Church**

### **A Biblical Theology of Women in Ministry** *InterVarsity Press*

Studies of key biblical passages on women's roles in the church fill entire bookshelves, if not libraries. But in *Women in the Church*, Stanley Grenz and Denise Muir Kjesbo offer the first in-depth theological study of this issue--one of the

most bitterly contested issues of our day. Carefully considering the biblical, historical and practical concerns surrounding women and the ordained ministry, this book will enlighten people on all sides of the issue. But Grenz and Kjesbo make no secret of their bold conclusion: 'Historical, biblical and theological considerations converge not only in allowing, but also in insisting, that women serve as full partners with men.' Thorough and irenic, *Women in the Church* bids to take an intense discussion to a new plane.

## **Leading the Team-Based Church**

### **How Pastors and Church Staffs Can Grow Together into**

**a Powerful Fellowship of Leaders A Leadership Network Publication** *Jossey-Bass*

A Leadership Network Publication In Leading the Team-Based Church, George Cladis issues a clarion call for ministry teams to embrace a fresh leadership model that is not based on hierarchy, but on a process of collaboration that mirrors the relationship of Father, Son, and Holy Spirit. He reminds us that today's cultural environment--where authority has basis in trust, innovation reaps rewards, and spirituality takes root in life and work--has matured past the need for the hierarchy of traditional church leadership where the

pastor had the final say. Through down-to-earth stories from his own experience and those of clergy in both mainline and evangelical churches, Cladis offers an exciting alternative to the traditional forms of church leadership, enabling pastors, congregational leaders, and staff to breathe new life into their ministries and unleash the full potential of the entire ministry team. Cladis, pastor of a fast-growing mainline congregation, demonstrates how cultural changes affecting all our institutions--not just the church--are making it easier to adopt this new model of leadership. Cladis's practical advice will enable ministry teams to work together in

ways that both embody the Christian message and call forth the full creativity and love of the entire team. "Just when it seems that all that can be said has been said on the subject of 'teams', just when one has tired of the gumming of the label 'team' on everything in sight, along comes perhaps the most significant religious book on teams yet published. Cladis juxtaposes the theological and cultural context for team-based ministry in a model presentation of what a conversation between Bible, theology, and culture should look like."--Leonard Sweet, dean, The Theological School and vice president, Drew University
