The way the system works, is that when the vehicle is started, and no tracs light is on the dash, the system is automatically on the on position. If you turn the switch off, the tracs light will light up orange, and there for the system is turned off. If you also read your owners manual, it also confirms this. Regards Stuart

Drives: 1996 Volvo 850: Recently, After a good snow storm we got. I got stuck in my drive way trying to get back up it. Well in the proses something happened that made both tracs and abs light go on (they stay on regardless of what i do). So i left the car sit for a few days to come out and find that the battery died.
