A Comparative Study Of East

To understand the findings, the authors suggest a working concept of "institutional templates," a framework that considers the ways in which each country is oriented toward authority, exchange, and networks. We hope that the book as a whole will demonstrate the intellectual utility of a broad comparative study of East Asian economic development.

Archaeology of Egypt and the Near East: a Comparative Approach. This module emphasises the comparative study of archaeological, written, environmental, and art historical sources from Egypt, the Near East, and neighbouring regions. Our attachment to Egypt and the ancient Near East as the 'birthplace of civilization', where the foundations of modern societies were laid, remains as strong today as it has ever been.

Comparative religion is the branch of the study of religions concerned with the systematic comparison of the doctrines and practices, themes, and impacts (including migration) of the world's religions.In general the comparative study of religion yields a deeper understanding of the fundamental philosophical concerns of religion such as ethics, metaphysics, and the nature and forms of salvation.

Comparative religion - Wikipedia

Abstract. The purpose of this study is to test key social capital indicators in a disaster context by considering the bonding and bridging types of social capital. Using the East Asian Social Survey, this study chooses three behavioural/cognitive elements of social capital—social trust, voluntary association membership, and personal networks—and divides them into bonding and bridging social capital, in-group and out-group trust, homogeneous and heterogeneous membership, and strong ...

6004 Words25 Pages. ABSTRACT TITLE : Work-life balance : A comparative study of South-East Asian Countries Work-life balance is a concept that has demanded attention for several years. It is highly relevant as people attempt to divide time to the myriad demands of both work and life. The multiplicity of demands that individuals have can increase this challenge as people strive to incorporate many more activities into lives.
