Broken Crayons Still Color

There's Purpose In Painful Experiences *Independently Published*

Does a crayon lose its ability to color when it's broken? No. But it can become over-sharpened, dull, unwrapped, or melted down. What crayon are you? Are you the broken crayon with sharp edges that tears down others before they can harm you? Or are you the unwrapped crayon that has become so exposed that you go around secretly or openly exposing others' hurt and pain knowingly or unknowingly just because someone did the same thing to you? The dull crayon forgets that it was created to add color to one's life. It has become dull, hides itself away in dark places, calling it my secret place, and begins to no longer enjoy life. Then there's the melted crayon that doesn't realize it's unique color was never intended to be melted with others, but out of fear melted and blended with others and forgot what it was created to be and do with its uniqueness. The over-sharpened crayon becomes the overachiever because it feels like as long as it stays sharp no one can reach its standard of color, but never delights in the beauty that was created from it. Few people will discover God's plan for their lives because they are still believing the lies spoken into them by our enemy, Satan. Satan attacks God's very word that has already been established in the earth. We hide our God-given gifts, passions, and talents out of fear of rejection. We misdirect our unhealthy or healthy views of our natural fathers in building our relationship with our heavenly Father. God can be guilty by association. Our failures and mistakes are the very things that God uses. That broken crayon still has the ability to color and you, even in your brokenness, still have the ability to color the world with the gifts that God has planted in you.

Living Beyond Brokenness

Broken Crayons Still Color Devotional

God has more for you. He is inviting you to go beyond the brokenness in your life. The Japanese art, Kintsugi, takes broken pottery and repairs it with gold. Instead of discarding it as useless or hiding the damage, they choose to illuminate the repair. The art of Kintsugi is a powerful picture of how God sees our broken, imperfect lives. We tend to see our brokenness as our biggest flaws, mistakes, and regrets. But God can use them to create a masterpiece that will then display His glory. What you see in your life today is not all God has for you. Your broken pieces in God's hands can be restored into something more beautiful than you can imagine. Just like Kintsugi, where the broken pieces are repaired with gold, God will begin to heal your brokenness and display His glory to the world through your life. Let's allow God to shine through our lives as the "gold" that holds everything together. Scroll up to click buy and order this book.

Be the Bridge

Pursuing God's Heart for Racial Reconciliation *WaterBrook*
NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • "When it

comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands."—Jen Hatmaker
WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.

Broken Crayons Still Color

There's Purpose In Painful Experiences *Createspace Independent Publishing Platform*

Does a crayon lose its ability to color when it's broken? No. But it can become over-sharpened, dull, unwrapped, or melted down. What crayon are you? Are you the broken crayon with sharp edges that tears down others before they can harm you? Or are you the unwrapped crayon that has become so exposed that you go around secretly or openly exposing others' hurt and pain knowingly or unknowingly just because someone did the same thing to you? The dull crayon forgets that it was created to add color to one's life. It has become dull, hides itself away in dark places, calling it my secret place, and begins to no longer enjoy life. Then there's the melted crayon that doesn't realize it's unique color was never intended to be melted with others, but out of fear melted and blended with others and forgot what it was created to be and do with its uniqueness. The over-sharpened crayon becomes the overachiever because it feels like as long as it stays sharp no one can reach its standard of color, but never delights in the beauty that was created from it. Few people will discover God's plan for their lives because they are still believing the lies spoken into them by our enemy, Satan. Satan attacks God's very word that has already been established in the earth. We hide our God-given gifts, passions, and talents out of fear of rejection. We misdirect our unhealthy or healthy views of our natural fathers in building our relationship with our heavenly Father. God can be guilty by association. Our failures and mistakes are the very things that God uses. That broken crayon still has the ability to color and you, even in your brokenness, still have the ability to color the world with the gifts that God has planted in you.

Overcoming Shattered Relationships

Anne Collier: Women with Cameras (Self Portrait) *Karma, New York*

This book collects images that New York-based artist Anne Collier (born 1970) originally presented as a slideshow of 80 35mm slides depicting found images of female subjects in the act of taking self-portraits. Dating from the 1970s to the early 2000s, these relics of the pre-digital age were collected by Collier, each image discarded by its original owner but finding its way back to relevance in Collier's work. The slideshow consists of amateur snapshots of women photographing themselves with film cameras prior to the advent of the digital "selfie." Instead of circulating on social media, these abandoned images once existed for a private audience. The resulting work is steeped in a deep sense of loneliness, illustrating photography's contentious relationship to memory, loss and self-representation. The book represents a kind of sequel to Collier's 2017 book Women with Cameras (Anonymous).
