The Grammar of the English Tense System

A Comprehensive Analysis *Walter de Gruyter*
The Grammar of the English Tense System forms the first volume of a four-

volume set, *The Grammar of the English Verb Phrase*. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role

of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book

examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

Exercises

Wild Swans

Three Daughters of China *Simon and Schuster*

The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao’s impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members:

her grandmother, a warlord’s concubine; her mother’s struggles as a young idealistic Communist; and her parents’ experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a “barefoot doctor,” a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

Conversational Turkish Dialogues

Over 100 Turkish Conversations and Short Stories

Do you wish to speak like a Turkish native? Are you interested in learning Turkish for a trip to Istanbul? If your answer to any of the previous questions was 'Yes', then this book is for you! Turkish isn't one of the most-spoken languages in the world, but it is certainly one of the most useful. Known as the "Bridge between Europe and Asia", you may find yourself visiting the wonderful nation of Turkey for business or pleasure, and you will need to know the language to succeed there! In this book, we have compiled OVER ONE HUNDRED conversational Turkish dialogues along with their translations into English, allowing new Turkish speakers to obtain the necessary tools to understand how

to set a meeting, rent a car or tell a doctor that they don't feel well. If speaking the language fluently is your goal, this book is for you! How Conversational Turkish Dialogues works:

- Each new chapter will have a fresh, new story between two people who wish to solve a common, day-to-day issue that you will surely encounter in real life.
- A Turkish version of the conversation will take place first. Here, we will challenge your skills by allowing you to read the dialogue in its original tongue: you will learn how to read and pronounce each word like a native!
- Accurate English translations follow each Turkish conversation, providing you with the opportunity to understand everything that has been said.
- A helpful introduction and conclusion that will

offer you important strategies, tips and tricks to allow you to get the most out of this learning material. We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your online and offline social circles! So, look no further! Pick up your copy of Conversational Turkish

Dialogues and start learning Turkish right now!
