Industrial Society And Social Welfare

The Industrial Revolution increased the material wealth of the Western world. It also ended the dominance of agriculture and initiated significant social change. The everyday work environment also changed drastically, and the West became an urban civilization.

Industrial Society and Social Welfare: the Impact of ...

The Welfare State in Post-Industrial Society is divided into two major sections: the first draws from a number of leading social welfare researchers from diverse countries who point to the nation-state as case studies; highlighting how it goes about establishing and revising social welfare provisions. The second portion of the volume then moves to a more global perspective in its analysis and questioning of the impact of globalisation on citizenship and marketization.

The Welfare State in Post-Industrial Society | SpringerLink

In 1919 the Boys' Welfare Association changed its name to the Industrial Welfare Society; this signified an extension of its activities. Much of the Society's work in the 1920s and 1930s involved the struggle for what is now considered very basic, such as employer-provided lunchrooms and restrooms.
