Possessed Women, Haunted States

Cultural Tensions in Exorcism Cinema *Lexington Books*

Since the release of *The Exorcist* in 1973, there has been a surge of movies depicting young women becoming possessed by a demonic force that only male religious figures can exorcise, thereby saving the women from eventual damnation. This book considers this history of exorcism cinema by analyzing how the traditional exorcism narrative, established in *The Exorcist*, recurs across the exorcism subgenre to

represent the effects of demonic possession and ritual exorcism. This traditional exorcism narrative often functions as the central plot of the exorcism film, with only the rare film deviating from this structure. The analysis presented in this book considers how exorcism films reflect, reinforce or challenge this traditional exorcism narrative. Using various cultural and critical theories, this book examines how representations of possession and exorcism reflect, reinforce or challenge prevailing social, cultural, and historical views of women, minorities, and homosexuals. In particular, exorcism films appear to explore tensions or fears regarding empowered and sexually active women, and frequently reinforce the belief that such individuals need to

be subjugated and disempowered so that they no longer pose a threat to those around them. Even more recent films, produced after the emergence of third wave feminism, typically reflect this concern about women. Very rarely do exorcism films present empowered women and feminine sexuality as non-threatening. In examining this subgenre of horror films, this book looks at films that have not received much critical scrutiny regarding the messages they contain and how they relate to and comment upon the historical periods in which they were produced and initially received. Given the results of this analysis, this book concludes on the necessity to examine how possession and exorcism are portrayed in popular culture.

Haunted

On Ghosts, Witches, Vampires, Zombies, and Other Monsters of the Natural and Supernatural Worlds
Yale University Press

An award-winning scholar and author charts four hundred years of monsters and how they reflect the culture that created them. Leo Braudy, a finalist for both the National Book Award and the National Book Critics Circle Award, has won accolades for revealing the complex and constantly shifting history behind seemingly unchanging ideas of fame, war, and masculinity. Continuing his interest in the history of emotion, this book explores how fear has been shaped into images of monsters and monstrosity. From the Protestant Reformation to contemporary horror films and fiction, he explores four major types: the monster from nature (King Kong), the created monster (Frankenstein), the monster from within (Mr. Hyde), and the monster from the

past (Dracula). Drawing upon deep historical and literary research, Braudy discusses the lasting presence of fearful imaginings in an age of scientific progress, viewing the detective genre as a rational riposte to the irrational world of the monstrous. *Haunted* is a compelling and incisive work by a writer at the height of his powers.

Death Rituals

When Cherie Alvarez was a child, a moment of shocking violence shattered her world into a thousand bloody pieces. Plagued by nightmares and taunted by schoolyard bullies, the young girl spent years recovering from what law enforcement described as a "sickening and gruesome act of evil." Now a college student, Cherie has found solace in film, theater, and all the beloved traditions of the Halloween season. But when she and her friends participate in an immersive,

"extreme" haunted attraction, Cherie must once again break the chains of victimhood and face the open wounds of her past. After enduring one man's twisted vision of horror and perversion, Cherie finds herself challenged by a cult-like force determined to destroy her. What follows is a singular night of grueling terror, calculated revenge, and backwoods slaughter. An epistolary thriller, *DEATH RITUALS* gathers the ephemera of a young woman's life--short stories, articles, scripts, photographs, televised reports, and more--to tell a story of chilling depravity and undaunted courage.
