This basic manual function is derived from basic manual controls. The Leica CL has a shutter dial which in turn has a dial for setting the film speed for the light meter built into the centre of it. With the dial being located on the front, with the camera to your eye, it sits neatly under a right hand finger.

Leica, of course, ships a manual with every new camera and provides downloadable user guides for its current models on its website. Yet, corresponding information for older cameras is more difficult to obtain and has to come from other sources. Pre-owned prints of camera manuals can sometimes be found on eBay.
