Cultural history. Cultural history is not simply the study of high culture or alternatively of peoples' past rituals. It is best characterised as an approach which considers the domain of representation and the struggle over meaning as the most fruitful areas for the pursuit of historical understanding. In its modern form it evolved to a certain extent out of the 'new' social, economic and women's histories of the 1960s and 1970s, which sought to understand the lives of non-

elites and women ...

One might comment that the work of the cultural historian could be easily assimilated within the 'totalising vision' of social history. The Social History Society established a new journal, *Cultural and Social History*, in 2004. This attempted just such an assimilation while also seeking 'to move the discipline beyond the limits of both social and cultural history as traditionally approached by emphasizing the ways in which the "social" and the "cultural" are mutually informing ...
