The Simple Path to Wealth

Your Road Map to Financial Independence and a Rich, Free Life
Createspace Independent Publishing Platform

The author shares his personal techniques, insights and experiences regarding saving money and investing, drawn from his blog posts as well as a series of letters to his teenage daughter, both dealing with money management.

The Simple Path to Wealth

Your Road Map to Financial Independence and a Rich, Free Life
JL Collins LLC

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are

forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on

how this all can be implemented in real life. Enjoy the read, and the journey!

THE MEANINGFUL MONEY HANDBOOK

Everything you need to KNOW and everything you need to DO to secure your financial future *Harriman House Limited*

In The Meaningful Money Handbook, personal finance expert and podcaster extraordinaire Pete Matthew guides you through everything you need to KNOW and everything you need to DO to build a secure financial future for yourself and your family. This is achievable for everyone by following three simple steps: 1. Spend less than you earn and clear debt. 2. Insure against disaster. 3. Build up your savings and invest wisely. You will learn: • How to get out of debt as quickly as possible. • Techniques for good financial control, so you can avoid getting into debt again. • The importance of insurance for laying down a foundation on which to build a solid financial plan, which isn't washed away by an unexpected disaster. • How to save and invest simply and efficiently so that you can work your way towards future financial freedom. No matter your starting position, or your existing level of comfort with dealing with your money, Pete Matthew's calm, straightforward and jargon-free approach will appeal to you and help you to set out on the right path. The Meaningful Money Handbook is a practical guide to succeeding with money by cutting out the stuff you don't need to know, and clarifying the essential things you need to do, to make a real difference to your life. Don't put it off any longer – pick up this book and start to take a meaningful approach to your money today.

Summary of J. L. Collin's The Simple Path to Wealth *Milkyway Media*

Buy now to get the key takeaways from J. L. Collin's The Simple Path to Wealth. Sample Key Takeaways: 1) Debt has become extremely normalized. However, if you intend to achieve financial freedom, you have to realize that debt is a huge barrier to building wealth. 2) If you are already in debt, paying it off should be your top priority. This will require you to drastically adjust your lifestyle to free up the money you need to direct toward your debt. Once your debts are paid off, consider shifting your money to investments.

The Path to Wealth

Seven Spiritual Steps to Financial Abundance *Hierophant Publishing*

Many people bring spiritual practices into every aspect of their lives--except the boardroom! But spiritual guidance can be used just as easily to help fill the bottom line as it does to fill our hearts and souls. In The Path to Wealth, entrepreneur May McCarthy will show you how to create a true financial partnership with the all-knowing power in the universe that she calls your Chief Spiritual Officer, or "CSO." This is not a dogmatic book; McCarthy encourages you to partner with a higher power of your own understanding, but she is insistent on one point: this power is within you and it knows what must happen for you to receive what you want. In this book you'll learn the job descriptions for both yourself and your CSO, and you'll have a daily road map to help you achieve your financial goals. As you practice these steps daily, you will experience seeming miracles that you never thought possible, all with less effort and more fun. Once you decide

what you want, it's the CSO's job to create the path to get you the goods you've defined. Your job is to follow each step in this daily practice and watch as the benefits you want unfold.

The Simplest Path to Wealth: Turn \$50,000 Into \$3.3 Million

If a stock market crash worries you, you must read this book. ***UPDATE*** Includes information on how the new tax reform bill signed into law as The Cuts and Jobs Act of 2017 ("TCJA") Public Law 115-97 affects the investment strategy in this book.*****

*****On one of his shows in the early eighties, right after his usual, "Welcome my friends, welcome to my world" intro, Bruce Williams, a popular talk show host of that era went right into the news of the day. I can remember as if it were yesterday, he said, "In today's financial news, you can now buy a non-callable 30 year T-bond (30 year treasury bond) with a guaranteed interest rate of 14.5%. Imagine my friends, if you invest your \$50,000 today you will have \$2.5 million in 30 years. You don't have to invest in anything else. You don't have to buy gold, real estate or do anything fancy." I did not follow the advice, not because I did not have the cash (in fact my wife and I had close to \$100,000 in the bank by that time) but because, 1) 30 years is such a long time and at that age retirement was the furthest thing from my mind, 2) the advice simply sounded too good to be true. It sounded so incredible in its simplicity, it cannot possibly work, so I thought. There must be a catch somewhere. So I cast it off as satire or hyperbole from a talk show host always on the look-out for ratings. How wrong I was!!! Imagine my friends, had I

followed this sound advice from a talk show host, with little risk, my \$100,000 would have grown to \$5 million in 30 years. I could have retired in my fifties, in pursuit of Marlin on my own 40-foot fishing boat off Cabo San Lucas. Instead, I squandered a big chunk of my money pursuing riskier, more exotic investments. Though 14.5% treasuries are just now relics of bygone days along with The Wonder Years, Growing Pains and Happy Days, you can still turn \$50,000 into \$3.3 million by following the simple investment strategy in this book. You will not make the same mistake I made.

Quit Like a Millionaire

No Gimmicks, Luck, or Trust Fund Required *Penguin*

From two leaders of the FIRE (Financial Independence, Retire Early) movement, a bold, contrarian guide to retiring at any age, with a reproducible formula to financial independence. A bull****-free guide to growing your wealth, retiring early, and living life on your own terms. Kristy Shen retired with a million dollars at the age of thirty-one, and she did it without hitting a home run on the stock market, starting the next Snapchat in her garage, or investing in hot real estate. Learn how to cut down on spending without decreasing your quality of life, build a million-dollar portfolio, fortify your investments to survive bear markets and black-swan events, and use the 4 percent rule and the Yield Shield--so you can quit the rat race forever. Not everyone can become an entrepreneur or a real estate baron; the rest of us need Shen's mathematically proven approach to retire decades before sixty-five.

Choose FI

Your Blueprint to Financial Independence

Now available for Pre-Order! A common resolution set at the beginning of a new year is to "get my financial house in order." But how can you build a house, let alone pour any kind of foundation, without a blueprint? There are dozens of books and gurus trying to push their advice and tell you how to spend and invest your money. And then, there are three suburban dads just trying to make the world a little bit better. Meet Brad Barrett and Jonathan Mendonsa of the award-winning ChooseFI podcast and Chris Mamula of the popular blog "Can I Retire Yet?". They have walked the talk and now want to share their knowledge with you. Together, these three regular guys will show you how they did something extraordinary. They are all financially independent and doing meaningful work that fulfills them. All three left their corporate 9 to 5 jobs and are reaping the benefits of extra time with their families. Mirroring the format of the popular ChooseFI podcast, this book pulls from the collective knowledge of those who have decided to build a lifestyle around their passions instead of allowing their finances to dictate their future. These stories demonstrate universal principles, giving you the opportunity to pick the elements that are the most applicable to your financial situation and "choose your own adventure." The book covers a wide range of topics that will help you build a strong financial foundation: Developing a growth mindset Defining your values and aligning them with your spending Cutting years from your estimated retirement date Questioning the status quo on "required expenses" Cutting

travel expenses and putting family vacations within your reach Learning how to earn more and live with abundance Updating the commonly accepted wisdom on college education and the debt associated with it Cutting through the noise on investing to discover strategies that work Showing how to implement investment strategies that enable the lifestyle you desire while controlling downside risk FI or Financial Independence is the new debt-free and getting back to 0 is just the beginning of a wonderful journey. Whether you have mountains of debt now or are recently debt free and wondering what to do next, Choose FI: Your Blueprint to Financial Independence will give you the information to guide your next move.

The Index Card

Why Personal Finance Doesn't Have to Be Complicated *Penguin*

"The newbie investor will not find a better guide to personal finance."
—Burton Malkiel, author of A RANDOM WALK DOWN WALL STREET TV analysts and money managers would have you believe your finances are enormously complicated, and if you don't follow their guidance, you'll end up in the poorhouse. They're wrong. When University of Chicago professor Harold

Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling Pound Foolish, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

How to Become Debt Free

A Simple Path to Wealth *Independently Published*

Simple Wealth: Six Proven Principles for Financial Freedom

Page Two Books, Incorporated

Simple Wealth is an easy-to-follow roadmap-a new financial worldview that promises freedom from the bondage of debt and a well-ordered, prosperous financial future. In Simple Wealth, first-generation wealth creator, successful

entrepreneur, and investor David Ash shares the timeless truths and contemporary wisdom that he built his family's future on. Join him as he candidly shares his ups and downs-from bankruptcy at age twenty-eight-to financial freedom today. You will discover: The Six Proven Principles that govern the creation of wealth, and how to apply them. That true financial intelligence is more about persistence, determination, self-awareness, and self-control than it is about academic achievement or a high IQ. How to identify and fix your limiting thought patterns and beliefs about money. Powerful, proven investment strategies for know-nothing investors. How to embrace the entrepreneurial dream-without risking it all. Easy to read and to the point, Simple Wealth is based on real stories and action points that will impact your life quickly and significantly-forever. No matter who you are, where you are from, or how challenging your current circumstances may be, you can live a life filled with options and opportunities-instead of regrets and debts.

Benjamin Graham's Net-Net Stock Strategy

A practical guide to successful deep value investing in today's markets

Harriman House Limited

IN 1975, legendary value investor Benjamin Graham wrote that his net-net stock strategy worked so well that he had renounced all other value investing strategies. In his 2014 shareholder letter, Warren Buffett wrote that he earned the highest returns of his career employing this 'cigar butt' approach to investing. And despite the widespread assumption that net-net stocks are a

relic of the past, Graham's net-net stock strategy is just as viable today for small private investors as it was for Buffett's 'superinvestors' during their early careers. Net-net investing remains the most powerful value investing approach a small investor can adopt. This book is your ultimate practical guide to implementing it – and reaping the rewards – in today's markets. Evan Bleker has spent ten years studying Graham's strategy to uncover its real-world performance, how to employ it, and why it works. He's also dug deeply to identify additional criteria to boost returns and ensure a greater number of winners. In this book, Evan defines the strategy for investors, then walks readers through the strategy's philosophy, as well as academic and industry studies assessing the framework, and its implementation by world-class value investors such as Benjamin Graham, Warren Buffett, and Peter Cundill. He also compiles selection criteria into a practical checklist for investors, and documents how the strategy works in today's markets with exclusive detailed case studies.

The Little Book That Builds Wealth

The Knockout Formula for Finding Great Investments *John Wiley & Sons*

In *The Little Book That Builds Wealth*, author Pat Dorsey—the Director of Equity Research for leading independent investment research provider Morningstar, Inc.—reveals why competitive advantages, or economic moats, are such strong indicators of great long-term investments and examines four of their most common sources: intangible assets, cost advantages, customer-switching costs, and network economics. Along the way,

he skillfully outlines this proven approach and reveals how you can effectively apply it to your own investment endeavors.

The Simple Path to Wealth: Your Road Map to Financial Independence and a Rich, Free Life

Traditional Chinese Edition of [The Simple Path to Wealth: Your Road Map to Financial Independence and A Rich Free Life]

Set for Life

Dominate Life, Money and the American Dream *Biggerpockets Publishing, LLC*

If you want to be financially free, you need to develop fiscal confidence; you need to build and follow a plan that allows you to live the life of your dreams. Trench provides a three-step guide that gives readers the fiscal confidence they need to achieve early financial freedom.

Playing with FIRE (Financial Independence Retire Early)

How Far Would You Go for Financial Freedom? *New World Library*

What if a happier life was only a few simple choices away? A successful entrepreneur living in Southern California, Scott Rieckens had built a "dream life": a happy marriage, a two-year-old daughter, a membership to a boat club, and a BMW in the driveway. But underneath the surface, Scott was creatively stifled, depressed, and overworked trying to help pay for his family's beach-town lifestyle. Then one day, Scott listened to a podcast interview that changed everything. Five months later, he had quit his job, convinced his family to leave their home,

and cut their expenses in half. Follow Scott and his family as they devote everything to FIRE (financial independence retire early), a subculture obsessed with maximizing wealth and happiness. Filled with inspiring case studies and powerful advice, *Playing with FIRE* is one family's journey to acquire the one thing that money can't buy: a simpler — and happier — life. Based on the documentary

A Theory of Justice *Harvard University Press*

Though the revised edition of *A Theory of Justice*, published in 1999, is the definitive statement of Rawls's view, so much of the extensive literature on Rawls's theory refers to the first edition. This reissue makes the first edition once again available for scholars and serious students of Rawls's work.

A Wealth of Common Sense

Why Simplicity Trumps Complexity in Any Investment Plan *John Wiley & Sons*

A simple guide to a smarter strategy for the individual investor *A Wealth of Common Sense* sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing,

and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. *A Wealth of Common Sense* clears the air, and gives you the insight you need to become a smarter, more successful investor.

Analysis and Summary of the Simple Path to Wealth by J. L Collins

this is a book that shows you the Road to Independence and a Prosperous Life and to live a debt-free existence in society is hard. There is no question that retirement means doing what you want and living life without money worries. Deciphering this doesn't seem like a fruitful endeavor, so we should get straight to the equation. "The Simple Path to Wealth" is meant for what Audience? And What Is That For? When

the author speaks of "simple," he means the strength you have. So, it appears that if you are willing to be smart and courageous, you will never be stopped in your endeavors. Thus, one could rightly say that "The Simple Path to Wealth" is a guide for anyone seeking financial independence from dependency. In place of an incomplete treasure map, you'll be handed something more valuable: a proven technique that will increase the likelihood of attaining freedom (in a financial sense). If you are looking for path to wealth, this book is your best companion. No other book shows you how to gain financial independence than this book. Get a copy for yourself today.

The Power of Passive Investing

More Wealth with Less Work *John Wiley & Sons*

A practical guide to passive investing Time and again, individual investors discover, all too late, that actively picking stocks is a loser's game. The alternative lies with index funds. This passive form of investing allows you to participate in the markets relatively cheaply while prospering all the more because the money saved on investment expenses stays in your pocket. In his latest book, investment expert Richard Ferri shows you how easy and accessible index investing is. Along the way, he highlights how successful you can be by using this passive approach to allocate funds to stocks, bonds, and other prudent asset classes. Addresses the advantages of index funds over portfolios that are actively managed Offers insights on index-based funds that provide exposure to designated broad markets and don't make bets on individual securities Ferri is also author of the Wiley title: *The ETF Book* and co-author of *The Bogleheads' Guide to Retirement Planning* If you're looking for a productive investment approach that won't take all of your time to implement, then *The Power of Passive Investing* is the book you need to read.

Financial Freedom

Breaking the Chains to Independence and Creating Massive Wealth *Independently Published*

Achieve Financial Independence Today! Why is personal finance so important, yet not widely taught in school? Why do you need a financial advisor to tell you what to do with your money? What if there was a simple roadmap you could follow that would set you down the path to achieving your financial dreams? With the average American having \$5,700 in credit card debt and less than \$1,000 in savings, it's time for a change! You no longer have to feel frustrated, defeated and alone. It's time to tackle your fears head on and achieve the life you never thought possible. Whether you are a financial guru or someone just deciding to walk down this path, this book is meant for you and has lessons for everyone to implement. In this engaging, action-oriented book, Chase Lawson presents proven tips and strategies that will take you from where you are today to where you only ever imagined you could be. In *Financial Freedom*, you will learn such things as: How investing earlier can more than double your future net worth When and how to invest Different income-earning vehicles Why it's a no-brainer to own your home and how you don't have to be rich to do so How to budget, including the importance of a fun fund and emergency fund What goes into a credit score and how to improve yours How shifting your tax withholdings could mean an extra \$40,000 upon retirement *Financial Freedom* equips readers with the tools they need to live the life they've always wanted. *Financial Freedom* turns the complex world of personal finance on its head, making it simple and easy to understand, no matter your background. *Financial Freedom* is helping its readers build the proper foundation in their financial house, so that they can provide themselves and their families with a life

others can envy. Don't wait. Read this book and put yourself in the driver's seat towards a better financial future today!

Financial Freedom

A Proven Path to All the Money You Will Ever Need *Penguin*

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to:

- * Create profitable side hustles that you can turn into passive income streams or full-time businesses
- * Save money without giving up what makes you happy
- * Negotiate more out of your employer than you thought possible
- * Travel the world for less
- * Live for free--or better

yet, make money on your living situation
 * Create a simple, money-making portfolio that only needs minor adjustments
 * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

The Psychology of Money

Timeless lessons on wealth, greed, and happiness *Harriman House Limited*
 Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of

life's most important topics.

The Golden Albatross: How To Determine If Your Pension Is Worth It

"I don't love this job anymore, but should I stay for the pension?" This gut-wrenching question is common for many people working in pensionable careers. But how much is your pension worth? And, is staying worth it? Since 2017, Grumpus Maximus has researched and written about this critical decision point, which he calls *The Golden Albatross*. Having served 20 years in the U.S. Military, he too struggled with the same questions, and now he helps others learn from his mistakes. If your job offers a pension, then this book is a must-read. Easily learn how to calculate your pension's objective value and weigh it against the subjective benefits of leaving for more fulfilling work. When done, you will agree, it was worth it.

The Brothers Karamazov *Graphic Arts Books*

Three brothers and their relations in 19th century Russia provide the base for a sweeping epic overview of human striving, folly and hope. First published in 1880, *The Brothers Karamazov* is a landmark work in every respect. Revolving around shiftless father Fyodor Pavlovich Karamazov are the fates of his three sons, each of whom has fortunes entwined with the others. The eldest son, Dimitri, seeks an inheritance from his father and becomes his rival in love. Ivan, the second son, is so at odds with the world that he is driven near to madness, while the youngest, Alexi, is a man of faith and a natural optimist. These personalities are drawn out and tested in a crucible of conflict and emotion as the author forces upon them

fundamental questions of morality, faith, reason and responsibility. This charged situation is pushed to its limit by the addition of the unthinkable, murder and possible patricide. Using shifting viewpoints and delving into the minds of his characters, Dostoevsky adopted fresh techniques to tell his wide-reaching story with power and startling effectiveness. The Brothers Karamazov remains one of the most respected and celebrated novels in all literature and continues to reward readers beyond expectation. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Brothers Karamazov is both modern and readable.

The Road to Financial Freedom

Earn Your First Million in Seven Years *AB Publishing, The Rights Company*

Number-one worldwide best seller Bodo Schafer suggests tips to help make you as successful as he and many others have been by showing you the road to financial freedom. For many people, the concept of actually owning a million dollars at one time is completely unfathomable. So what if you could do it in seven years? Bodo Schafer, renowned financier and personal management aficionado, is back again to help people discover the tips and tricks that successful individuals employ to make it to the top. The Road to Financial Freedom is just that - a journey, and one Schafer has elected to help you undertake. Being rich and successful isn't merely luck; it takes discipline, tools, and an understanding of finances that most people simply don't have. This book is here to help unravel the shroud that keeps success out of the grasp of ordinary individuals. In this book you will

learn: - How to manage and eliminate debt - Asset control and growth - Ways to not depend on others for financial solvency - And so much more! While becoming a millionaire in just seven years seems like a dream to some, those who practice the habits in this book could very well see it become a reality. Individuals are fraught with financial prejudices they don't know they have, which keep them from attaining success they don't know they are capable of. You can earn money, manage that money, and watch that money grow exponentially in a way that allows you every want without becoming destitute, because at the end of the day it's all about making your money work for you instead of spending your whole life working for your money. ©2016 AB Publishing, The Rights Company (P)2016 AB Publishing, The Rights Company

Serious Money

Straight Talk about Investing for Retirement

Does your stockbroker look out for your best interest? Not likely, says author Rick Ferri. In his hard-hitting books, Ferri reveals Wall Streets darkest secret: most stockbrokers and financial advisors are not investment wizards out to make you rich, but rather peddlers of expensive investment products designed to make money from you, not for you. Ferri exposes the dubious sales practices of brokers and other financial consultants and explains why many of their recommendations are doomed to fail. He then provides clear and useful advice that readers can use to turn what they earn into a secure financial future.

The Little Book of Main Street Money

21 Simple Truths that Help Real People Make Real Money *John Wiley & Sons*

"A gem from one of the most brilliant minds in personal finance." — Ben Stein, author, actor, TV personality, and New York Times columnist In a financial world gone mad, you still need to manage your money, put your kids through college, and save for retirement. To the rescue comes Jonathan Clements with 21 easy-to-follow rules to help you secure your financial future. Clements has spent a quarter century demystifying Wall Street for ordinary, real people on Main Street, including more than thirteen years as the Wall Street Journal's hugely popular personal-finance columnist. In *The Little Book of Main Street Money*, Clements brings us back to basics, with commonsense suggestions for intelligent money management. Chock-full of financial guidance that will stand up in any market, the book also reflects a financial philosophy that Clements has developed over a lifetime of watching Wall Street and writing about money—and that is even more important in the current volatile market. From the big picture (home, retirement, financial happiness) to the micro (taxes, inflation, investment costs), he offers clear-cut advice for taking control of your financial life, detailing the strategies needed to thrive in today's tough economic times. The 21 truths outlined throughout this book are a guiding light for everyone, young and old, whether starting out or soon retiring. Each chapter reads like a Clements column—clear, pithy, and feisty. From the obvious to the counterintuitive, the truths will bolster your returns, cut your costs, and give you financial peace of mind. Collectively, the 21 truths show you how to think about your entire financial life—not just

stocks and bonds, but your home, your debts, your financial promises to your children, your income-earning ability, and so much more. They will help you not only survive today's treacherous financial terrain, but also prepare you for success tomorrow. Renowned for his spirited writing and shrewd investment guidance, Clements is the sane voice investors need to stay grounded in the midst of so much financial insanity.

Climate Crisis and the Global Green New Deal

The Political Economy of Saving the Planet *Verso Books*

Climate change: watershed or endgame? In this compelling new book, Noam Chomsky, the world's leading public intellectual, and Robert Pollin, a renowned progressive economist, map out the catastrophic consequences of unchecked climate change—and present a realistic blueprint for change: the Green New Deal. Together, Chomsky and Pollin show how the forecasts for a hotter planet strain the imagination: vast stretches of the Earth will become uninhabitable, plagued by extreme weather, drought, rising seas, and crop failure. Arguing against the misplaced fear of economic disaster and unemployment arising from the transition to a green economy, they show how this bogus concern encourages climate denialism. Humanity must stop burning fossil fuels within the next thirty years and do so in a way that improves living standards and opportunities for working people. This is the goal of the Green New Deal and, as the authors make clear, it is entirely feasible. Climate change is an emergency that cannot be ignored. This book shows how it can be overcome

both politically and economically.

The Path to Financial Freedom

Ten Lessons that Will Help You Save, Invest, and Build Wealth *Independently Published*

This book is a journey that will help you understand how to intentionally align what you truly value with your money. In *The Path to Financial Freedom*, Ridwan will teach you how to create a budget, save for emergencies, spend on what you value today, and invest to ensure you are set up for the future. Investing is a mentality that can be learned by reinventing how we see savings. With just a little bit of work, Ridwan prepares you to put your future self first. The lessons include: 1) How to think about money 2) How to create and maintain a budget that is aligned to your values and goals 3) Steps to be prepared for financial emergencies and eliminate debt 4) Steps to invest in the most tax efficient ways 5) Simple investment strategies and how to create your own asset allocations. Each lesson will bring you one step closer on your path to financial freedom. Don't let hefty fees, financial jargon, or past mistakes paint your future. Together we'll start with the basics, building your financial health one page at a time.

Daring Greatly

How the Courage to Be Vulnerable Transforms the Way We Live, Love, Parent, and Lead *Penguin UK*

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the

man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt

Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' - Gretchen Rubin

Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me (but it isn't)*.
