Transformations of Myth Through Time *Harpercollins*

Speculates on the origins of mythology, describes mythic stereotypes, and looks at how myths affect the modern world

The World of Joseph Campbell

Transformations of Myth Through Time

Joseph Campbell : Transformations of Myth Through Time

A New Telecourse from PBS.

The Power of Myth *Anchor*

The national bestseller, now available in a non-illustrated, standard format paperback edition The Power of Myth launched an extraordinary resurgence of interest in Joseph Campbell and his work. A preeminent scholar, writer, and teacher, he has had a profound influence on millions of people--including Star Wars creator George Lucas. To Campbell, mythology was the "song of the universe, the music of the spheres." With Bill Moyers, one of America's most prominent journalists, as his thoughtful and engaging interviewer, The Power of Myth touches on subjects from modern marriage to virgin births, from Jesus to John Lennon, offering a brilliant combination of intelligence and wit.

This extraordinary book reveals how the themes and symbols of ancient narratives continue to bring meaning to birth, death, love, and war. From stories of the gods and goddesses of ancient Greece and Rome to traditions of Buddhism, Hinduism and Christianity, a broad array of themes are considered that together identify the universality of human experience across time and culture. An impeccable match of interviewer and subject, a timeless distillation of Campbell’s work, The Power of Myth continues to exert a profound influence on our culture.

Transformations of Myth Through Time

Transformations of Myth Through Time

An Anthology of Readings *Anthology of Readings*

The Transformation Myth

Leading Your Organization through Uncertain Times *MIT Press*

How companies can adapt in an era of continuous disruption: a guide to responding to such acute crises as COVID-19. When COVID-19 hit, businesses had to respond almost instantaneously--shifting employees to remote work, repairing broken supply chains, keeping pace with dramatically fluctuating customer demand. They were forced to adapt to a confluence of multiple disruptions inextricably linked to a longer-term, ongoing digital disruption. This book shows that companies that use disruption as an opportunity for innovation emerge from it stronger. Companies that merely attempt to "weather the storm" until things go back to normal (or the next normal), on the other hand, miss an opportunity to thrive. The authors, all experts on business and technology strategy, show that transformation is not a one-and-done event, but a continuous process of adapting to a volatile and uncertain environment. Drawing on five years of research into digital disruption--including a series of interviews with business leaders conducted during the COVID-19 crisis--they offer a framework for understanding disruption and tools for navigating it. They outline the leadership traits, business principles, technological infrastructure, and organizational building blocks essential for adapting to disruption, with examples from real-world organizations. Technology, they remind readers, is not an end in itself, but enables the capabilities essential for surviving an uncertain future: nimbleness, scalability, stability, and optionality.

Pathways to Bliss

Mythology and Personal Transformation *Joseph Campbell Foundation*

Explore myth as a tool for personal growth and transformation Joseph Campbell famously defined myth as “other people's religion.” But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment — or, as he called it, bliss. For Campbell, many of the world's most powerful myths support the individual's heroic path toward bliss. In Pathways to Bliss, Campbell examines this personal, psychological side of myth. Like his classic best-selling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the ways in which our myths shape and enrich our lives and shows how myth can help each of us truly identify and follow our bliss.

The World of Myth

An Anthology *Oxford University Press*

Hercules, Zeus, Thor, Gilgamesh--these are the figures that leap to mind when we think of myth. But to David Leeming, myths are more than stories of deities and fantastic beings from non-Christian cultures. Myth is at once the most particular and the most universal feature of civilization, representing common concerns that each society voices in its own idiom. Whether an Egyptian story of creation or the big-bang theory of modern physics, myth is metaphor, mirroring our deepest sense of ourselves in relation to existence itself. Now, in *The World of Myth*, Leeming provides a sweeping anthology of myths, ranging from ancient Egypt and Greece to the Polynesian islands and modern science. We read stories of great floods from the ancient Babylonians, Hebrews, Chinese, and Mayans; tales of apocalypse from India, the Norse, Christianity, and modern science; myths of the mother goddess from Native American Hopi culture and James Lovelock's Gaia. Leeming has culled myths from Aztec, Greek, African, Australian Aboriginal, Japanese, Moslem, Hittite, Celtic, Chinese, and Persian cultures, offering one of the most wide-ranging collections of what he calls the collective dreams of humanity. More important, he has organized these myths according to a number of themes, comparing and contrasting how various societies have addressed similar concerns, or have told similar stories. In the section on dying gods, for example, both Odin and Jesus sacrifice themselves to renew the world, each dying on a tree. Such traditions, he proposes, may have their roots in societies of the distant past, which would ritually sacrifice their kings to renew the tribe. In *The World of Myth*, David Leeming takes us on a journey "not through a maze of falsehood but through a marvellous world of metaphor," metaphor for "the story of the relationship between the known and the unknown, both around us and within us." Fantastic, tragic, bizarre, sometimes funny, the myths he presents speak of the most fundamental human experience, a part of what Joseph Campbell called "the wonderful song of the soul's high adventure."

Life, Myth, and the American Family Unreeling

The Spiritual Significance of Movies for the 20th Century *Universal-Publishers*

This book is about what movies do for us. It is about how movies exhibit the contradictions, truths, and fantasies surrounding our bedrock American beliefs in things held sacred, including, in this case, our creed of family. It is about why we again and again attend the dark universal tabernacles in which these sermons are offered. The depth of analysis offered here will also bring new insights to those concerned with parenting issues, self understanding, and media consciousness - all increasingly relevant areas of concern in contemporary life. And, for those interested in telling stories that will truly "move" the rest of us, this book will serve as a secret doorway to the inner sanctum of human characters responding to the places and times of their lives. Finally, this book will bring revelation and liberation to reader's lives by showing them how to look through movies into themselves as they have never done before. In the specific examples of archetypal life journeys illuminated through these films, they will experience empathy with the ineffability of their existence. And, in transubstantiating with these movie characters amidst history, culture, and family, they will journey through their own conundrums in arcs that bring them moments of at-one-ment.

The Last Human Spring

Silent Spring II, Origin of the Species II, Walden III, Nurturome I Vs. Genome: Breakthroughs! *Xlibris Corporation*

The Great Transformation

The Beginning of Our Religious Traditions *Anchor*

From Karen Armstrong, the bestselling author of *A History of God* and *The Spiral Staircase*, comes this extraordinary investigation of a critical moment in the evolution of religious thought. In the ninth century BCE, events in four regions of the civilized world led to the rise of religious traditions that have endured to the present day—development of Confucianism and Daoism in China, Hinduism and Buddhism in India, monotheism in Israel, and philosophical rationalism in Greece. Armstrong, one of our most prominent religious scholars, examines how these traditions began in response to the violence of their time. Studying figures as diverse as the Buddha and Socrates, Confucius and Jeremiah, Armstrong reveals how these still enduring philosophies can help address our contemporary problems.

Transformations of Circe

The History of an Enchantress *University of Illinois Press*

Beginning with a detailed study of Homer's balance of negative and positive elements in the Circe-Odysseus myth, Judith Yarnall employs text and illustrations to demonstrate how Homer's Circe is connected with age-old traditions of goddess worship. She then examines how the image of a one-sided "witch," who first appeared in the commentary of Homer's allegorical interpreters, proved remarkably persistent, influencing Virgil and Ovid. Yarnall concludes with a discussion of work by Margaret Atwood and Eudora Welty in which the enchantress at last speaks in her own voice: that of a woman isolated by, but unashamed of, her power.

Walk Like an Egyptian *Wildside Press LLC*

The calendar material in this expanded edition of *Walk Like An Egyptian* provides further insight into the mind of the ancient world, a glimpse into a world in which every element of reality was a manifestation of the divine and the cosmic, a time in which even the counting of days and months into years was a mystery of divine proportions. The calendar of ancient Egypt is older than astrology. The Egyptian calendar itself is almost forgotten, yet it is the direct ancestor of the Western calendar in use today. The ancient Egyptians were keenly focused on the concept of life as a journey through time, and the calendar was their map. In *Walk Like An Egyptian*, you will find one of the world's oldest guides to self-navigation in an easy-to-use format, a daily horoscope from the dawn of history. Each season, month and day is listed with its ancient name, together with the warnings and requirements, stories and scenarios of the gods involved in the story of the year. The day is divided into eight-hour segments of morning, afternoon and night. Sacred ceremonies and ritual feasts are also listed, making the calendar a complete guide to the Egyptian year, a horoscope unlike any other available in the modern world. The earlier editions of *Walk Like An Egyptian* brought the concepts of ancient Egyptian religion and philosophy into the context of the modern world. Readers around the globe found the once-obscure ideas of ancient wisdom interpreted as profound contemplations of the reality of human nature. Many familiar names in the ancient pantheon were revealed in modern terms, such as: Osiris, the divine and immortal portion of each human's soul clothed in mortal flesh; Re, the divine light of consciousness in the mind; Horus, who is the paradox of the universal nature of each soul's unique identity; Isis, bonding force of the soul; Thoth, representing the power of human thought and intellect, and more. The success of *Walk Like An Egyptian* led to Wheeler's collaboration with Diana Janeen Pierce, who had assembled a daily calendar of ancient Egyptian ceremonies, rituals and festivals. Wheeler and Pierce worked together on a translation of the lengthy and difficult *Cairo Calendar Papyri*, one of the few surviving documents detailing the system by which Egyptians organized their daily lives. Wheeler's accompanying interpretation of the Egyptian cosmos makes a lively counterpart to the horoscope, clarifying the often confusing material. Together, Wheeler and Pierce provide a modern evaluation of how to "walk like an Egyptian," attuned to eternity in your daily life and guided by eternal principles.

Constructing Realities

Transformations Through Myth and Metaphor *Rodopi*

One of the challenges in psychoanalytic work is to find ways to enliven the space when working with individuals whose thinking is highly constrained and who have little capacity for play. This incapacity often signals a split between valued and devalued aspects of self. In cases such as these, self-protection becomes paramount and may profoundly impede growth, as whatever is not known is perceived as dangerous, rather than being a challenge that invites further development. For the therapist who must create aliveness within the consulting room, we are caught by the very real threat that this aliveness poses to the defensive structures on which the patient's equilibrium rests. Movement thus can be quite precarious. In this volume, Marilyn Charles considers how notions of

"play" and "myth", as brought into the literature by Winnicott and Bion, can help to provide an interim space in which impossible realities can be constructed at a safe enough reserve that we can more actively consider them and thereby create possibilities, rather than foreclosing on them.

Milk and Honey

Essays on Ancient Israel and the Bible in Appreciation of the Judaic Studies Program at the University of California, San Diego

Eisenbrauns
From the Foreword-- In a very short stretch of years, the Judaic Studies Program at the University of California, San Diego, has developed into one of the most important centers for teaching and research in biblical studies, in ancient Near Eastern and biblical archaeology, and more generally in Judaic studies. The program now rivals far older centers of study in these fields in eastern research universities. I have been an admirer of the program for some years, proud of former students of mine whose energy and foresight have contributed to the developments in La Jolla, including the establishment of endowed chairs that guarantee the future of this center and its program. This collection of essays honoring the Judaic Studies Program and its faculty is a testimony to the fecundity of the program in producing scholars, whose essays dominate the collection. Several essays come from other scholars whose home base is in the West and who have engaged in colloquia and common pursuits with the San Diego faculty. . . . There are sections on Genesis, poetry and prophecy, narrative and history, lexicon, archaeology, and (not least) paleography. --Frank Moore Cross Harvard University

Myth and Ritual in Women's Detective Fiction

McFarland
The relationship between traditional myths, fairytales and current fiction novels featuring women as crime-solvers is examined in this critical study. Using theories from Joseph Campbell, C.G. Jung and others, the author asserts that plots and imagery in these novels conform to quest narratives outlined in classical myths and traditional fairytales. Narcissus, Medusa, Orpheus and Orestes are a few of the figures emerging in today's mystery fiction. Among the mystery authors discussed are Patricia Cornwell, Amanda Cross, Sue Grafton, P.D. James, Sara Paretsky and Julie Smith. After establishing the anatomy of a mystery, the text discusses many myths, rituals and rites associated with mysteries, including myths of identity, religion and rites of initiation.

Large print.

Shadows of the Sacred

Seeing Through Spiritual Illusions

iUniverse
"A brilliant and groundbreaking exploration of the promises and pitfalls of the spiritual path written by one of the pioneers of transpersonal psychology. A must for every serious spiritual seeker, students of consciousness, and all those concerned about the future of our planet." -Stanislav Grof, M.D. "Regardless of one's religious preferences, this pioneering classic eloquently and objectively addressees the spiritual issues of our time." -Angeles Arrien "Here, presented with clarity and courage, are the foundations for a transpersonal psychotherapy that respects the multileveled richness of the human psyche." -Ram Dass

Mythology

The Voyage of the Hero

Oxford University Press on Demand
In Mythology, David Leeming offers an unusual and effective approach to the subject of mythology by stressing universal themes through myths of many cultures. This anthology collects a wide array of narrative texts from the Bible to English literature to interpretations by Joseph Campbell, C.G. Jung, and others, which illustrate how myths serve whole societies in our universal search for meaning. Leeming illuminates the various stages or rites of passage of the universal mythic hero, from birth to childhood, through trial and quest, death, descent, rebirth, and ascension. Real figures, including Jesus and Mohammed, are included, underlining the theory that myths are psychically real and can be applied to real life. This edition is updated to include additional heroine myths, as well as Navajo, Indonesian, Indian, Chinese, and African tales. Myths might be called the dreams of humankind, Leeming writes. With Mythology, he provides an essential resource not only for those wishing to advance their knowledge of this vast subject, but for anyone who wants to better understand the human psyche.

Uses of Comparative Mythology

Essays on the Work of Joseph Campbell

Routledge
This collection, first published in 1992, offers critical-interpretive essays on various aspects of the work of Joseph Campbell (1904-1987), one of a very few international experts on myth. Joseph Campbell examines myths and mythologies from a comparative point of view, and he stresses those similarities among myths the world over as they suggest an existing, transcendent unity of all humankind. His interpretations foster an openness, even a generous appreciation of, all myths; and he attempts to generate a broad, sympathetic understanding of the role of these 'stories' in human history, in our present-day lives, and in the possibilities of our future.

The Friendly Guide to Mythology

A Mortal's Companion to the Fantastical Realm of Gods Goddesses Monsters Heroes

Penguin
How was the world as we know it created? What does it mean to be a hero? Where do we go when we die? Why are flood myths so ubiquitous? Anyone who has pondered these and other questions about humanity's ancient beliefs will be fascinated by The Friendly Guide to Mythology. Focusing on Greek and Roman mythology but including myths from Africa, Asia, Australia, northern Europe, and the Americas, The Friendly Guide to Mythology is filled with compelling stories of gods, goddesses, mortals, and monsters. Beautifully ornamented with photos, line drawings, and quotes, this entertaining guide also includes an A-to-Z listing of the world's most captivating goddesses; profiles of famous writers, collectors, and interpreters of myths; and engaging sidebars. Featuring myths of love, wisdom, and adventure as well as those of violence, jealousy, and pure folly, this accessible collection offers fascinating insight into the human psyche and brings our rich mythological heritage delightfully into focus.

Politics of Myth, The

A Study of C. G. Jung, Mircea Eliade, and Joseph Campbell

SUNY Press
The Politics of Myth examines the political views implicit in the mythological theories of three of the most widely read popularizers of myth in the twentieth century, C. G. Jung, Mircea Eliade, and Joseph Campbell. All three had intellectual roots in the anti-modern pessimism and romanticism that also helped give rise to European fascism, and all three have been accused of fascist and anti-Semitic sentiments. At the same time, they themselves tended toward individualistic views of the power of myth, believing that the world of ancient myth contained resources that could be of immense help to people baffled by the ambiguities and superficiality of modern life. Robert Ellwood details the life and thought of each mythologist and the intellectual and spiritual worlds within which they worked. He reviews the damaging charges that have been made about their politics, taking them seriously while endeavoring to put them in the context of the individual's entire career and lifetime contribution. Above all, he seeks to extract from their published work the view of the political world that seems most congruent with it.

Myth-X

Lulu.com
This is an analysis of the sci-fi television show "The X-Files" mytharc focusing on the use of mythological themes and symbols.

When Time and Eternity Kiss

A Bold New Vision of Human Destiny, God, and the Bible

Balboa Press
A LIFE-CHANGING SPIRITUAL MASTERWORK ON GOD, HUMAN DESTINY, AND THE BIBLE A UNIQUE SPIRITUAL JOURNEY GUIDE When Time and Eternity Kiss is a boldly provocative and highly original new interpretation of the Bible--a page-turner for believers, seekers, skeptics, and secularists alike. By harmonizing the Bible with 21st c. quantum physics and the "Big Bang" theory, Maddox leads us into the labyrinth of God's mind. What are we? Where do we come from? Do we have a destiny? The Bible proclaims: "You are gods." What does that mean? Is there an objective reality or just the illusion of one, as Eastern spiritual traditions assert, quantum physics theorizes, and Einstein suggested? In When Time and Eternity Kiss, author Sean Maddox argues passionately that the Bible answers life's most perplexing questions. He supports his propositions by integrating wisdom and insight from mythologies, biblical Hebrew, Kabbalah, Hindu Chakras, Buddhism, psychology, archetypal symbolism, dream work, and quantum physics. His multidisciplinary perspective allows readers to see with new eyes how the Bible is the spiritual guide par excellence to the psycho-spiritual evolution of divine and human consciousness. INSPIRED, GROUNDBREAKING SCHOLARSHIP This revolutionary work is the culmination of the author's twenty-five-year journey of psycho-spiritual inquiry, study, and singular personal sacrifices. Maddox emerges as a daringly independent scholar and visionary who peers into the Bible's riveting mysteries and reveals God's Feminine Side in the texts. Aptly titled, When Time and Eternity Kiss is a passionate cosmic love story from start to finish. At the climax of the book, Maddox upends traditional interpretations as he illuminates the two Genesis Creation stories and shares his vision of why God shattered the silence of Eternity to create life in time and space. In radiant lucid prose, Maddox restores the Bible to 21st c. relevancy as the cornerstone of Western civilization.

Myth, Music and Ritual

Approaches to Comparative Literature

Cambridge Scholars Publishing
Divided into two parts, this volume includes contributions focused on both myth and some of its contemporary reflections (Part I) and the connection between myth, music and ritual (Part II). The fifteen contributions gathered here are authored by academics and researchers from Brazil, France, Poland, Mexico, South Africa and Romania. They focus on a variety of subjects, including folklore, literature, classical and traditional music, science-fiction, philosophy, and religion, among others. The volume operates with an awareness of the capital role the study of the imaginary, with all its implications, is playing in the contemporary world.

The Routledge Companion to Imaginary Worlds

Routledge
This companion provides a definitive and cutting-edge guide to the study of imaginary and virtual worlds across a range of media, including literature, television, film, and games. From the Star Trek universe, Thomas More's classic Utopia, and J. R. R. Tolkien's Arda, to elaborate, user-created game worlds like Minecraft, contributors present interdisciplinary perspectives on authorship, world structure/design, and narrative. The Routledge Companion to Imaginary Worlds offers new approaches to imaginary worlds as an art form and cultural phenomenon, explorations of the technical and creative dimensions of world-building, and studies of specific worlds and worldbuilders.

Myths of Light

Eastern Metaphors of the Eternal

Joseph Campbell Foundation
Master mythologist Joseph Campbell had a genius for finding the unifying symbols and metaphors in apparently distinct cultures and traditions. In Myths of Light: Eastern Metaphors of the Eternal,Campbell explores, with his characteristic clarity and humor, the principle that underlies all the great religions of India and East Asia, from Jainism and Hinduism to Buddhism and Taoism: the transcendent World Soul. Joseph Campbell began his comparative study of the world's religions with a chance meeting with the renowned Indian theosophist Jeddu Krishnamurti on a trans-Atlantic steamer. Though Campbell was deeply fascinated by mythologies and religions from every continent, Asia's potent mix of theologies captured his imagination more than any other, and offered him paths to understanding the essence of myth. In Myths of Light, Campbell explores the core philosophies and mythologies of the East, comparing them through vivid examples and stories to each other and to those of the West. A worthy companion to Thou Art That and to Campbell's Asian Journals, this volume conveys complex insights through warm, accessible storytelling, revealing the intricacies and secrets of his subject with his typical enthusiasm.

Seven Cherokee Myths

Creation, Fire, the Primordial Parents, the Nature of Evil, the Family, Universal Suffering, and Communal Obligation

McFarland
Like ancient peoples the world over, the Cherokees of the southern Appalachian Mountains passed along their traditions and beliefs through stories, songs, dances, and religious and healing rituals. With the creation of Cherokee writing by Sequoyah, some of the traditions were also recorded in books. While evoking local geography and natural phenomena, the stories were also enhanced by powerful psychological and spiritual dynamics. This work examines seven myths that grew out of Cherokee culture, looking at how they emerged to explain archetypal issues. Each of the seven stories is told in full and is followed by a detailed history and analysis that provides its background,

its associated rituals, and its psychological basis. One quickly discovers that while the myths are ancient, they are strikingly modern in their understanding of human personality development, family dynamics, community solidarity, and the reality of religion or spirituality. Grounded in the experience of this American Indian people and the land they inhabited, the myths tell universal truths. Instructors considering this book for use in a course may request an examination copy here.

A Light Shines Through Us: A Nun, A Businessman, and the Power of Connection *Atlantic Publishing Company*

What happens when a hard-charging businessman tries to rent a gym for his youth basketball camp? He meets an elderly Catholic nun who holds the keys to the perfect gym. And a whole lot more. In this beautifully crafted memoir, bestselling author and business leader Joe Sweeney weaves a remarkable tale of friendship, spirituality, and even some of the mischief that characterizes the unlikely 32-year relationship he enjoyed with a modern-day saint. She had a way about her, he said, and it was unlike anything he had encountered as a lifelong Catholic with honest questions about his faith, spirituality, and the meaning of life. A Light Shines Through Us guides readers of all religious faiths and those claiming no faith on a journey of spiritual exploration and discovery offering new insights into the age-old questions that have intrigued people for centuries: Why are there so many different religions? How can I stay connected to a higher power? How can we grow old gracefully? What happens when we die? From his regular visits to the convent to Joe and Sister Camille's long discussions on park benches or over special meals to a remarkable visit with a U.S. president, Sweeney weaves his inquisitiveness, irreverence, and humor into a compelling tapestry of inspiration and enlightenment.

A Skeleton Key to Finnegans Wake

Unlocking James Joyce's Masterwork *New World Library*

Since its publication in 1939, countless would-be readers of Finnegans Wake - James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a "perverse triumph of the unintelligible." In 1944, a young professor of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first "key" or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's "unintelligible" book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify ? and clarify ? its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.

The Hero with a Thousand Faces *Bollingen Foundation*

Examines myths and folk tales from around the world in an attempt to understand the symbolism of the hero as it appears in the mythologies and religions of mankind.

The Final Curtain

State Funerals and the Theatre of Power *Rodopi*

Garlick finds in state funerals a form of theatrical performance that reinforces the established rule, can appeal to vast audiences, and has advantages over some other forms of theater because of the emotional potency of its circumstances. After setting out a general context of appropriate theory, he presents a number of examples, among them the Medici esequie, the Duke of Wellington, Abraham Lincoln, John F. Kennedy, and Princess Diana. Annotation copyrighted by Book News Inc., Portland, OR

The Hero with an African Face

Mythic Wisdom of Traditional Africa *Bantam*

Retells the ancient legends of Africa, reveals their universal messages, and draws parallels between the symbols of Africa and those of other cultures.

Ernst Krenek and the Politics of Musical Style *Scarecrow Press*

Focusing on Krenek's compositional path from the eclectic musical language of Jonny spielt auf to the austere twelve-tone technique of Karl V, Tregear provides an historical and critical context to this most historically significant period of Krenek's creative life. His study also enriches our understanding of many of Krenek's contemporaries, such as Alban Berg and Arnold Schoenberg. This book should interest students, scholars and practitioners with an interest in modern opera, and contemporary classical music as well as early-20th-century German history more generally.

Asian Journals

India and Japan *Joseph Campbell Foundation*

Travel with Comparative Mythologist Joseph Campbell to discover the power of myth in Asia At the beginning of his career, Joseph Campbell developed a lasting fascination with the cultures of the Far East, and explorations of Buddhist and Hindu philosophy later became recurring motifs in his vast body of work. However, Campbell had to wait until middle age to visit the lands that inspired him so deeply. In 1954, he took a sabbatical from his teaching position and embarked on a yearlong voyage through India, Thailand, Cambodia, Burma, Hong Kong, Taiwan, and finally Japan. Asian Journals combines the two hardcover editions of Campbell's journals, Baksheesh & Brahman and Sake & Satori, into one paperback volume, an edited day-to-day travel diary of the people he met and the historical places he visited on his trek through Asia. Along the way, he enlivens the narrative with his musings on culture, religion, myth, and politics, describing both the trivial and the sublime. As always, Campbell's keen intellect and boundless curiosity shine through in his lucid prose. From these pages, Campbell enthusiasts will come away with a deeper understanding of the man, his work, and his enduring legacy.
