Advances In Experimental Social Psychology

The Journal of Experimental Social Psychology (JESP) aims to publish articles that extend or create conceptual advances in social psychology. As the title of the journal indicates, we are

focused on publishing primary reports of research in social psychology that use experimental or quasi-experimental methods, although not every study in an article needs to be experimental.

Journal of Experimental Social Psychology - Elsevier

Our current work not only extends human social genomics into the domain of positive emotions but also expands it from correlational to experimental designs, which will substantially enhance understanding of how people's patterns of emotion experience and expression may alter their patterns of gene expression, with attendant consequences for physical health.
