Introduction to Philosophical Foundations of Contract Law

Much of the discussion relates back to Charles Fried's 1981 claim that contract law is based on the philosophy of promise, generating what is today known as "the contract and promise debate." This volume taps into this renewal of interest by bringing together leading philosophers, legal theorists, and contract lawyers to discuss the philosophical foundations of this area of law.

Philosophical Foundations of Contract Law - Oxford Scholarship

This chapter discusses the role of economic analysis in explaining, justifying, and critiquing the law of contracts and its effects on private exchange. It discusses both positive issues (e.g., what motivates the practices regulated by contract law; what effect does law have on contracting behavior) and normative ones (e.g., is the law properly designed in light of such effects; to what extent ...
