Thinking Through the Past *Cengage Learning*

This reader for the U.S. history survey course gives students the opportunity to apply critical thinking skills to the examination of historical sources, providing pedagogy and background information to help them draw substantive conclusions. The careful organization and the context provided in each chapter make the material accessible for students, thereby assisting instructors in engaging their students in analysis and discussion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Thinking Through the Past, Volume I *Cengage Learning*

This reader for U.S. history gives students the opportunity to apply critical thinking skills to the examination of historical sources, providing pedagogy and background information to help you draw substantive conclusions. The careful organization and the context provided in each chapter make the material accessible, thereby assisting instructors in engaging their students in analysis and discussion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Contending Voices, Volume II: Since 1865 *Cengage Learning*

Each chapter in CONTENDING VOICES examines the lives of two individuals, some of them familiar historical figures and some of them lesser known, who took opposing positions on important issues in American history. The “paired biographies” in the text are followed by a set of four to six related primary sources, many in the individuals’ own voices; a “Questions to Consider” section; and an annotated bibliography. This unique format promotes critical thinking and engages students in enlightening historical debates. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Thinking Through the Past

A Critical Thinking Approach to U.S. History : Since 1865 *D C Heath & Company*

Constructing the American Past

A Source Book of a People's History *Prentice Hall*

This primary source reader captures the excitement of hands-on history through letters, articles, journalistic sources, photographs and posters. Constructing the American Past achieves a level of inclusion and depth rarely found in other source books. Each chapter focuses on a particular problem or moment in American history, and provides students with several points of view. The photographs, posters and maps included in the text ask the students to “read” the visual sources of American history. By exposing students to primary sources, the building blocks of history, Constructing the American Past fosters a solid foundation and invites its readers to build their own understanding of American history.

Infectious Ideas

U.S. Political Responses to the AIDS Crisis *Univ of North Carolina Press*

Viewing contemporary history from the perspective of the AIDS crisis, Jennifer Brier provides rich, new understandings of the United States' complex social and political trends in the post-1960s era. Brier describes how AIDS workers--in groups as disparate as the gay and lesbian press, AIDS service organizations, private philanthropies, and the State Department--influenced American politics, especially on issues such as gay and lesbian rights, reproductive health, racial justice, and health care policy, even in the face of the expansion of the New Right. Infectious Ideas places recent social, cultural, and political events in a new light, making an important contribution to our understanding of the United States at the end of the twentieth century.

Thinking Through the Past: Since 1865 *Houghton Mifflin College Division*

This reader for the U.S. history survey course contains both primary and secondary sources concerned with motivation, causation, and the role of ideas and economic interests in history. The text's historiographical approach gives students the opportunity to strengthen their critical-thinking skills through the comparison of historical sources. Each chapter includes an introduction to the historical problem, information on the setting and the

investigation, questions to consider, sources, and a conclusion.

The Unknown American Revolution

The Unruly Birth of Democracy and the Struggle to Create America *Penguin*

In this audacious recasting of the American Revolution, distinguished historian Gary Nash offers a profound new way of thinking about the struggle to create this country, introducing readers to a coalition of patriots from all classes and races of American society. From millennialist preachers to enslaved Africans, disgruntled women to aggrieved Indians, the people so vividly portrayed in this book did not all agree or succeed, but during the exhilarating and messy years of this country's birth, they laid down ideas that have become part of our inheritance and ideals toward which we still strive today.

The Significance of the Frontier in American History *Penguin UK*

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Hollitz Thinking Through The Past Vol 1 3rd Ed + United States History Atlas 2nd Ed

Contending Voices: Since 1865 *Houghton Mifflin College Division*

Each chapter in Contending Voices examines the lives of two individuals, some of them familiar historical figures and some of them lesser known, who took opposing positions on important issues in American history. This unique format promotes critical thinking and engages students in historical debates.

Hollitz Thinking Through The Past Vol 2 3rd Ed + Berkin History Handbook 1st Ed

The China Mirage

The Hidden History of American Disaster in Asia *Little, Brown*

"Bradley is sharp and rueful, and a voice for a more seasoned, constructive vision of our international relations with East Asia." --Christian Science Monitor James Bradley introduces us to the prominent Americans--including FDR's grandfather, Warren Delano--who in the 1800s made their fortunes in the China opium trade. Meanwhile, American missionaries sought a myth: noble Chinese peasants eager to Westernize. The media propagated this mirage, and FDR believed that supporting Chiang Kai-shek would make China America's best friend in Asia. But Chiang was on his way out and when Mao Zedong instead came to power, Americans were shocked, wondering how we had "lost China." From the 1850s to the origins of the Vietnam War, Bradley reveals how American misconceptions about China have distorted our policies and led to the avoidable deaths of millions. The China Mirage dynamically explores the troubled history that still defines U.S.-Chinese relations today.

Sidney J. Furie

Life and Films *University Press of Kentucky*

Known for his visual style as well as for his experimentation in virtually every genre of narrative cinema, award-winning director Sidney J. Furie also has the distinction of having made Canada's first ever feature-length fictional film in English, A Dangerous Age (1957). With a body of work that includes The Ipccress File (1965), Lady Sings the Blues (1972), and The Entity (1982), he has collaborated with major stars such as Marlon Brando, Frank Sinatra, Robert Redford, and Michael Caine, and his films have inspired some of Hollywood's most celebrated directors, including Stanley Kubrick and Quentin Tarantino. In this first biography of the prolific filmmaker, author Daniel Kremer offers a comprehensive look at the director's unique career. Furie pioneered techniques such as improvisation in large-scale film productions, and sometimes shot his films in sequence to develop the characters from the ground up and improve the performers' in-the-moment spontaneity. Not only has Stanley Kubrick acknowledged that Furie's The Boys in Company C (1978) informed and influenced Full Metal Jacket (1987), but Martin Scorsese has said that he considers The Entity to be one of the scariest horror films of all time. However, Furie was often later criticized for accepting lowbrow work, and as a result, little serious study has been devoted to the director. Meticulously researched and enhanced by Kremer's close relationship with the filmmaker, this definitive biography captures the highs and lows of an exceptional but underexamined career, taking readers behind the scenes with a director who was often ahead of his time.

Listen to the Lambs *U of Minnesota Press*

In the summer of 1965, the Los Angeles neighborhood of Watts exploded in a race riot that spanned six days, claimed thirty-four lives, and brought

America's struggle with racial oppression into harrowing relief. For Johnny Otis, "Godfather of Rhythm and Blues," the events of that summer would inspire one of the most compelling books to ever explore that fateful August in Watts. Originally published in 1968, Listen to the Lambs grew from a letter Otis wrote to an expatriate friend during the days following the riots. Otis moves back and forth between Watts and his own childhood to reveal an alternative history of the riots. Equal parts memoir, social history, and racial manifesto, Listen to the Lambs is a moving witness of collective turmoil and a people for whom the long-promised American Dream was nowhere to be found.

Fighting for American Manhood

How Gender Politics Provoked the Spanish-American and Philippine-American Wars *Yale University Press*

This groundbreaking book blends international relations and gender history to provide a new understanding of the Spanish-American and Philippine-American wars. Kristin L. Hoganson shows how gendered ideas about citizenship and political leadership influenced jingoist political leaders' desire to wage these conflicts, and she traces how they manipulated ideas about gender to embroil the nation in war. She argues that racial beliefs were only part of the cultural framework that undergirded U.S. martial policies at the turn of the century. Gender beliefs, also affected the rise and fall of the nation's imperialist impulse. Drawing on an extensive range of sources, including congressional debates, campaign speeches, political tracts, newspapers, magazines, political cartoons, and the papers of politicians, soldiers, suffragists, and other political activists, Hoganson discusses how concerns about manhood affected debates over war and empire. She demonstrates that jingoist political leaders, distressed by the passing of the Civil War generation and by women's incursions into electoral politics, embraced war as an opportunity to promote a political vision in which soldiers were venerated as model citizens and women remained on the fringes of political life. These gender concerns not only played an important role in the Spanish-American and Philippine-American wars, they have echoes in later time periods, says the author, and recognizing their significance has powerful ramifications for the way we view international relations. Yale Historical Publications

I've Got the Light of Freedom

The Organizing Tradition and the Mississippi Freedom Struggle *Univ of California Press*

Traces the history of the civil rights movement in Mississippi, and describes how ordinary men and women became caught up in the struggle

Lily the Leopard Gecko *Createspace Independent Pub*

A summer adventure with a class pet. Learning made fun about Leopard Gecko's. A young boy's experience of his summer taking care of "Lily" the class pet.

Constructing the American Past

A Source Book of a People's History, Volume 2 From 1865 *Oxford University Press, USA*

Now published by Oxford University Press, Constructing the American Past: A Source Book of a People's History, Eighth Edition, presents an innovative combination of case studies and primary source documents that allow students to discover, analyze, and construct history from the actors' perspective. Beginning with Christopher Columbus and his interaction with the Spanish crown in 1492, and ending in the Reconstruction-era United States, Constructing the American Past provides eyewitness accounts of historical events, legal documents that helped shape the lives of citizens, and excerpts from diaries that show history through an intimate perspective. The authors expand upon past scholarship and include new material regarding gender, race, and immigration in order to provide a more complete picture of the past.

Critical Thinking: The Art of Argument Cengage Learning

With a complete, approachable presentation, CRITICAL THINKING: THE ART OF ARGUMENT, 2nd Edition, is an accessible yet rigorous introduction to critical thinking. The text emphasizes immediate application of critical thinking in everyday life and helps students apply the skills they are studying. The relevance of these skills is shown throughout the text by highlighting the advantages of basing one's decisions on a thoughtful understanding of arguments and presenting the overarching commonalities across arguments. With its conversational writing style and carefully selected examples, the book employs a consistent and unified treatment of logical form and an innovative semiformal method of standardizing arguments that illustrates the concept of logical form while maintaining a visible connection to ordinary speech. Without sacrificing accuracy or detail, the authors clearly present the material, with appropriate study tools and exercises that emphasize application rather than memorization. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Good Reasons with Contemporary Arguments Pearson Higher Ed

This popular rhetoric/reader combines a brief, accessible introduction to argument with an anthology of provocative readings on contemporary issues. By stressing the rhetorical situation and audience, this argument rhetoric/reader avoids complicated schemes and terminology in favor of providing students with the practical ways of finding "good reasons" to argue for the positions they take. Good Reasons with Contemporary Arguments helps students read, analyze, and write various types of arguments, including visual, verbal, and written. Supporting the authors' instruction are readings by professional and student writers and over 150 visuals. Good Reasons with Contemporary Arguments is distinctive for its discussion of why people write arguments, its coverage of rhetorical analysis and visual analysis in a brief format, its close attention to reading arguments, its thorough attention to research, and its emphasis on provocative topics in the reader section of the book. 0321951573 / 9780321951571 Good Reasons with Contemporary Arguments Plus NEW MyWritingLab with Pearson eText -- Access Card Package Package consists of: 0205870147 / 9780205870141 NEW MyWritingLab with Pearson eText -- Valuepack Access Card 0321900219 / 9780321900210 Good Reasons with Contemporary Arguments
