Population Growth in Medieval Europe In the High Middle Ages, between the years 1000 and 1300, the population of Europe roughly doubled. When I announce in my classes that this is the single most important fact about high medieval history, I'm usually met with bewilderment, disappointment, and a sense of anticlimax.

How Europe's Population in the Middle Ages Doubled

The High Middle Ages were a period of incredible technological innovation, architectural design, and artistic production.

Nevertheless, myths about the period's backwardness and ignorance remain. Below is an excerpt from a book by medieval and Renaissance scholar Anthony Esolen on myth and fact about the High Middle Ages.

The High Middle Ages - History

The High Medieval Era is the period of time that seems to typify the Middle Ages best. Usually beginning with the 11th century, some scholars end it in 1300 and others extend it for as much as another 150 years.

The Early, High and Late Middle Ages

The population of Europe remained at a low level in the Early Middle Ages, boomed during the High Middle Ages and reached a peak around 1300, then a number of calamities caused a steep decline, the nature of which historians have debated. Population levels began to recover around the late 15th century, gaining momentum in the early 16th century.
