The Soul Hypothesis Investigations Into

Well, the suggestion by the authors is that we give up trying to understand these things and give them a label instead - in this case "soul". This "hypothesis" is necessarily vague, since the proposed soul is a non-physical thing, which interacts with normal matter in a way which has yet to be detected, although the last essay and the hilarious chapter 6 (heavily borrowing from Deepak Chopra) make some suggestions.

The Soul Hypothesis: Investigations into the Existence of ...
Soul Hypothesis: Investigations into the Existence of the Soul is a thought-provoking collection of essays. For my taste (philosophical background), however, a number of the essays are too technical/scientific and hardly address what the subtitle of the book (Investigations into the existence of the soul) promises. Take Chapter 3, for example.
