Green Building- Innovative Technologies

Green building (also known as green construction or sustainable building) refers to both a structure and the application of processes that are environmentally responsible and resource-efficient throughout a building's life-cycle: from planning to design, construction, operation, maintenance, renovation, and demolition.

Green building - Wikipedia

The Green Star certification globally promotes integrated building designs which reduce environmental impact. When a contractor goes through the certification process, their building or project receives a rating from an independent panel of sustainability experts.

The 7 Most Popular Green Building Practices in 2020

The Sohrabji Godrej Green Business Centre is run by the Confederation of Indian Industry as a showcase for green technologies. It was built in Hyderabad in 2004 and was the first LEED Platinum certified building outside of the US.
