He had never yearned for vision. Then, in 1999, a chance encounter brought startling news: a revolutionary stem cell transplant surgery could restore May's vision. It would allow him to drive, to read, to see his children's faces. He began to contemplate an astonishing new world: Would music still sound the same? Would sex be different? Would he recognize himself in the mirror? Would his marriage survive? Would he still be Mike May? The procedure was filled with risks, some of them deadly, others beyond May's wildest dreams. Even if the surgery worked, history was against him. Fewer than twenty cases were known worldwide in which a person gained vision after a lifetime of blindness. Each of those people suffered desperate consequences we can scarcely imagine. There were countless reasons for May to pass on vision. He could think of only a single reason to go forward. Whatever his decision, he knew it would change his life. Beautifully written and thrillingly

How We Fight for Our Lives

A Memoir *Simon & Schuster*
From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a “moving, bracingly honest memoir” (The New York Times Book Review) written at the crossroads of sex, race, and power. One of the best books of the year as selected by The New York Times; The Washington Post; NPR; Time; The New Yorker; O, The Oprah Magazine; Harper’s Bazaar; Elle; BuzzFeed; Goodreads; and many more. “People don’t just happen,” writes Saeed Jones. “We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘I’ it seems doesn’t exist until we are able to say, ‘I am no longer yours.’” Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that’s as beautiful as it is powerful—a voice that’s by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a

one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.

Jesse Owens, Adolf Hitler and the 1936 Summer Olympics *Createspace Independent Publishing Platform*

Both Jesse Owens and Adolf Hitler grew up in poverty, and each of the two men struggled to find their footing later in life. Owens represented the United States in the 1936 Olympics, after which he found it difficult to sustain a well-paying job. In turn, Adolf Hitler moved to Vienna as a teenager, following his parents' death, but he never found the financial success he so desperately craved as an artist. He spent most of his time in the city a penniless, unemployed young man. The similarities between the two men end there. While Adolf Hitler became angered and enraged by his circumstances, and by the fate of Germany following the First World War, Jesse Owens went out of his way to help people. Even when he faced the cruelty of racism in the United States, Owens saw the best in others. He spent most of his days working with children and teenagers, making a conscious effort to give them the guidance and support they needed to enact positive change in the world. In contrast, Hitler turned to hatred, divisiveness, and conflict in his attempts to change the world in his image. Owens was an open-minded man who spent his life bettering the lives of his family and the community at large. Even when others asked him to denounce the racist tendencies of Adolf Hitler, he chose to grudgingly respect the German leader. Meanwhile, Hitler's experiences only fuelled his hatred of anyone who was not Aryan and German. In this book, we will explore the lives of both men leading up to the 1936 Berlin Olympics. Then, we will take a closer look at the effects of that summer on the rest of their years. 30 Minute Book Series Welcome to the ninth book in the 30-Minute Book Series. Karl's Story *Createspace Independent Publishing Platform*

With an uncanny relevance to today's world and inspired by the life of its author, Karl's Story, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl. A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk. Karl's Story begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin. Their journey, their story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well. Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

The Boy Who Robbed the Rich

Strength comes in numbers of merry men. Philip, one of the lost children of Fairendale, wakes in the woods outside the village of Lincastle, surrounded by the forest's most frightening creatures. Thus begins his daily battle to outsmart the creatures that would like nothing more than to eat him, requiring Philip to construct a makeshift bow out of limbs and leather and become, in a few days' time, a master archer. One day, while Philip is out hunting, he meets one of the legendary merry men. After discovering he can miraculously shoot an arrow and hit a bulls-eye, the ragged men invite Philip to join them in stealing from the rich of Lincastle and giving to the village poor. But in spite of his valiant efforts and his extraordinary bravery, Philip will need more than just the merry men to rescue him from what is coming. The Boy Who Robbed the Rich is the eighth book in the

Fairendale series, an epic fantasy middle grade series that explores both familiar and unfamiliar fairy tales, legends, myths, and folk tales. The world of Fairendale revolves around villains and heroes--all on a quest for what they believe is right. But one cannot always know, at first glance, who is the villain and who is the hero. Throughout the series, the story of King Willis and his determination to keep the throne of Fairendale is woven into the story of his son, Prince Virgil, heir to the throne and friend to the village children, and the story of fairy tale children fleeing for their lives--children who become what we know as fairy tale villains, for one good reason or another. But, remember, one cannot always know, at first glance, who is the villain and who is the hero.

What if global financiers manipulated the global warming crisis to gain control over humanity's resources, freedoms, and population? What if someone with the financial and technical abilities decided mankind was a virus and used carbon dioxide trapping technology to plunge population levels by crashing life-essential CO2 to new lows? These are questions Anna Picard must face in *The Carbon Trap*, the first book in *The Carbon Series*. A progressive US government enthusiastically endorses the UN Carbon Trapping program, and to help pay for it, will impose carbon taxes, draconian regulations, and... it will secretly sell Alaska. Anna Picard is an amoral fixer, an employee of Agenda 21 member and global financier Alexis Swanson had trained to help recruit his corporate army and neutralize his enemies. It is her job to unleash a global hacker network to help destroy the carbon based industries and funnel insider-trading profits to Swanson. One of her recruits is Dr. Sven Johansson, a brilliant geneticist and President of Snath Biotechnology, who designs life forms to trap CO2. But Sven has more ambitious plans. At a UN conference in the Maldives held to impose draconian carbon regulations, not everyone is happy, some industrial executives realize data has been falsified. To protect her scheme, Anna frames one of the execs for murder. Her plans are complicated when she falls in love with Dr. Pete Heyward, the son of the man she framed for murder. Pete is a US Marine amputee who sees past her malevolent deeds and tries to rejuvenate the morality of her youth. After a series of genetically modified carbon trapping life forms is unleashed upon the Earth, Anna must confront the evils she helped unleash, and prevent an even bigger disaster from unfolding that would destroy most life on Earth. This is a high-tech ecological thriller that takes the reader from the Maldives, to the French Riviera, and the heartland of Texas. It introduces cutting edge technologies and concepts, used for the first time in a novel, that reveal striking implications for society.
