Beer Tasting Analysis Guide - api.surfellent.com

When tasting a beer, glassware is always better than straight from the bottle. This is especially true if that bottle is dark colored glass, versus clear or green. Your beer will look, taste, and smell infinitely better when you enjoy it from a clean glass. Don't be overly concerned with pairing the proper glass to the style you are tasting. In all honesty, a standard shaker pint will suffice.

Free Printable Beer Tasting Notes Sheet

Randy's Tasting Beer addresses the questions posed by every student of beer and in the process provides an excellent text to aid in the journey. This second edition of Tasting Beer expands coverage of some key topics that relate to the Cicerone journey beyond the first level, such as draft systems. In addition, I find that the integrated understanding of beer that this edition presents would serve those studying for just about any level of Cicerone program exam.

Randy Mosher.com - Tasting Beer

Note whether it smells primarily of hops or malt. Generally speaking, light-colored beers will smell more of hops while darker beers tend to have a pronounced malt, roasted, chocolate or coffee aroma. Many ales have a hard to pin down spiciness or fruitiness from their yeasts. Take your time with the aroma.
