The Person and the Situation: Perspectives of Social ...

The person and the situation: Perspectives of social psychology. In summary, this is a book about the predictability and coherence of behavior as seen from the perspective of modern experimental and cognitive social psychology. We begin with the history of research suggesting that situational factors often prove to be more powerful determinants of behavior than the vast majority of us—scientists and laypeople alike—would have guessed.

The person and the situation: Perspectives of social ...

“The Person and the Situation explores the complex ideas about personal versus situational determinants of behavior and relates the lessons of our discipline to important political, social, and even philosophical issues. This is the type of book that we have long wished we had available to assign to the serious, critical student who asks, ‘What have we really learned from social psychology?’ “We offer this book as a kind of throwback to a golden age and as a tribute to our ...

The Person and the Situation: Perspectives of Social ...

Any explanation of why such people get so upset would have to take into account both particular situations (e.g., frustration) and personality traits (e.g., hot temper). This point of view is called person-situation interaction, and it has become a fairly standard view in modern trait theory . Another way to view this is in the form of "If . . . , if . . . , then . . . " statements (Shoda, Mischel, & Wright, 1994)—for example, "If the situation is frustrating, and if the person has a ...
