Cognition and Acquired Language Disorders - 9780323072014

How Cognitive-Communication Disorders Are Identified. Anyone who has suffered a brain injury or a stroke should be screened for cognitive and perceptual disorders. Cognitive-communication disorders can be identified using the Cognitive-Communication Checklist for Acquired Brain Injury (CCCABI), a free online screening tool. Once cognitive-communication disorders are identified, a referral should be made to the speech-language pathologist for a full assessment.

Cognitive-Communication Disorders Explained & How to Help

Rather, such breakdowns occur in processes that are fundamental to language itself. For this reason, we use the term acquired language disorders in this text in lieu of the less desirable but well-entrenched term cognitive-communication impairments to emphasize the unity of cognition and language.
