Venn diagrams are illustrations used in the branch of mathematics known as set theory. They are used to show the mathematical or logical relationship between different groups of things (sets). A Venn diagram shows all the logical relations between the sets. Euler diagrams are similar, but do not need to show all the relations; in common usage, this distinction is often ignored. Jo Melville, Aberdeen

A Venn diagram shows the relationship between a group of different things (a set) in a visual way. Using Venn diagrams allows children to sort data into two or three circles which overlap in the middle. Each circle follows a certain rule, so any numbers or objects placed in the overlapping part (the intersection) follow both rules. Venn diagrams in KS1
