Challenging the fundamentalist readings of the scriptures and marshaling the latest archaeological evidence to support its new vision of ancient Israel, The Bible Unearthed offers a fascinating and controversial perspective on when and why the Bible was written and why it possesses such great spiritual and emotional power today.

Believe it or not, YOU are related to kings, queens, poets, warriors, travelers, and dreamers. The people you will meet in this book did brave things. A lot of times they did things nobody thought was possible. Sometimes they did things even they didn't think were possible! But they listened to their hearts, trusted God, and with His help, changed the world. These are your relatives' stories and their amazing adventures. Each of them had heroic traits like courage, faith, and confidence that helped them do what they did. You have these traits inside you too! God gave these powers to each of us so we can accomplish anything in our heart. So the next time you look in a mirror, know you descend from these super heroes. This is your family tree. And guess what? That makes you a super hero too! This is the 1st of 3 books that retell the Bible stories without violence but remaining true to God's message. The book is child-friendly. Children discover they have the same traits as Adam, Eve, Noah, Abraham, and Sarah. Through Adam and Eve, they learn the importance of being a family. Through Noah, they learn nothing is impossible with God's help. Abraham teaches how God guides and protects us, even if we get lost along the way. Whimsically illustrated with engaging text and creative interactive activity pages following each chapter, so they learn about themselves and God.

This book is as enjoyable to read for children as it is for adults. We're all connected. If we learn this, our world will begin to change. By showing children we are part of God's family, intentionally created and accepted, they develop a confidence that will last a lifetime. This is what the Jesus Family Tree books are about. Stronger children and families make stronger communities...and eventually a stronger, more respectful, and peaceful world. Come discover your family!

Belonging in Genesis

Biblical Israel and the Politics of Identity Formation

Genesis calls its readers into a vision of human community unconstrained by the categories that dominate modern thinking about identity. Genesis situates humanity within a network of nurture that encompasses the entire cosmos--only then introducing Israel not as a people, but as a promise. Genesis prioritizes a human identity that originates in the divine word and depends on ongoing relationship with God. Those called into this new mode of belonging must forsake the social definition that had structured their former life, trading it for an alternative that will only gradually take shape. In contrast to the rigidity that typifies modern notions, Genesis depicts identity as fundamentally fluid. Encounter with God leads to a new social self, not a "spiritual" self that operates only within parameters established in the body at birth. In Belonging in Genesis, Amanda Mbuvi highlights the ways narrative and the act of storytelling function to define and create a community. Building on the emphasis on family in Genesis, she focuses on the way family storytelling is a means of holding together the interpretation of the text and the constitution of the reading community. Explicitly engaging the way in which readers regard the biblical text as a point of reference for their own (collective) identities leads to an understanding of Genesis as inviting its readers into a radically transformative vision of their place in the world.

Four Views on the Historical Adam *Zondervan*

As a part of the Counterpoints series, Four Views on the Historical Adam clearly outlines four primary views on Adam held by evangelicals, featuring top-notch proponents of each view presenting their positions in their own words and critiquing the positions with which they disagree. You will come away with a better understanding of the key biblical and theological issues at stake and of the implications of Adam for contemporary Christian witness and church life. Contributors include Denis O. Lamoureux, John H. Walton, C. John Collins, and William Barrick. Each focuses his essay on answering the following questions: What is the biblical case for your viewpoint, and how do you reconcile it both with modern science and with passages and potential interpretations that seem to counter it? In what ways is your view more theologically consistent and coherent than other views? What are the implications of your view for the spiritual life and public witness of the church and individual believers, and how is your view a healthier alternative for both? Concluding reflections by pastor-scholars Gregory A. Boyd and Philip Graham Ryken highlight the significance of the topic in the faith of everyday believers.
