Sikorsky claims that

maintenance, which has always been a major problem in the helicopter industry, has dropped from 25 man-hours per flying hour 20 years ago to 2.7 man-hours now.

Helicopters After The Vietnam Era - The New York Times

Bell Helicopter models were the very first aircraft on which DART Aerospace worked on and we have focused, throughout the years, on following the OEM's recent developments and requirements, all while working collaboratively on the ideal rotorcraft accessories.

Bell Helicopter parts | DART Aerospace

In 1941, Bell hired Arthur M. Young, a talented inventor, to provide expertise for

helicopter research and development. It was the foundation for what Bell hoped would be a broader economic base for his company that was not dependent on government contracts. The Bell 30 was their first full-size helicopter (first flight December 29, 1942) and the Bell 47 became the first helicopter in the world ...
