If a taboo book manages to fly beneath the radar, it’s probably because the book is still going unnoticed and not getting sales or reviews. The obvious reason for lack of attention is a lack of paid book promotion. But self-publishers are rarely in the position to fork out hundreds, or even thousands of dollars to get their book seen.

A taboo is an implicit prohibition on something (usually against an utterance or behavior) based on a cultural sense that it is excessively repulsive or, perhaps, too sacred for ordinary people. Such prohibitions are present in virtually all societies. On a comparative basis, taboos, for example related to food items, seem to make no sense at all, as what may be declared unfit for one group by ...
