Service Manual Ninja250

There is only one Service Manual for the 1986-2007 models. It was written in 1986, when the EX250 was introduced. Despite the fact that the bike went through a major redesign in 1988, and has remained more or less the same since, there is no separate manual for the '88-07 bikes. This is what the Supplement is for.
