Pearl Littlefield's first assignment in fifth grade is complicated: She has to write an essay about her summer. Where does she begin? Her dad lost his job, she had to go to a different camp—one where her older sister Lexie was a counselor-in-training (ugh!)—and she and her good friend James Brubaker III had a huge fight, which made them both wonder if the other kids were right that girls and boys can't be good friends and which landed one of them in the hospital. And there's much, much more on the list of good and bad things, as Ann Martin takes this appealing character into new adventures through which young readers will see that good or bad, life is what happens when you're making other plans.

Ten Arguments for Deleting Your Social Media Accounts Right Now *Henry Holt and Company*

AS SEEN IN THE NETFLIX DOCUMENTARY THE SOCIAL DILEMMA A WIRED "ALL-TIME FAVORITE BOOK" A FINANCIAL TIMES BEST BOOK "THE CONSCIENCE OF SILICON VALLEY"- GQ "Profound . . . Lanier shows the tactical value of appealing to the conscience of the individual. In the face of his earnest argument, I felt a piercing shame about my own presence on Facebook. I heeded his plea and deleted my account." - Franklin Foer, The New York Times Book Review "Mixes prophetic wisdom with a simple practicality . . . Essential reading." - The New York Times (Summer Reading Preview) You might have trouble imagining life without your social media accounts, but virtual reality pioneer Jaron Lanier insists that we're better off without them. In *Ten Arguments for Deleting Your Social Media Accounts Right Now*, Lanier, who participates in no social media, offers powerful and personal reasons for all of us to leave these dangerous online platforms. Lanier's reasons for freeing ourselves from social media's poisonous grip include its tendency to bring out the worst in us, to make politics terrifying, to trick us with illusions of popularity and success, to twist our relationship with the truth, to disconnect us from other people even as we are more "connected" than ever, to rob us of our free will with relentless targeted ads. How can we remain autonomous in a world where we are under continual surveillance and are constantly being prodded by algorithms run by some of the richest corporations in history that have no way of making money other than being paid to manipulate our behavior? How could the benefits of social media possibly outweigh the catastrophic losses to our personal dignity, happiness, and freedom? Lanier remains a tech optimist, so while demonstrating the evil that rules social media business models today, he also envisions a humanistic setting for social networking that can direct us toward a richer and fuller way of living and connecting with our world.

10 Things I Can See From Here *Knopf Books for Young Readers*

Perfect for fans of John Green's *Turtles All the Way Down* and Nina LaCour's *We Are Okay*, this is the poignant and uplifting story of Maeve, who is dealing with anxiety while falling in love with a girl who is not afraid of anything. Think positive. Don't worry; be happy. Keep calm and carry on. Maeve has heard it all before. She's been struggling with severe anxiety for a long time, and as much as she wishes it was something she could just talk herself out of, it's not. She constantly imagines the worst, composes obituaries in her head, and is always ready for things to fall apart. To add to her troubles, her mom—the only one who really gets what Maeve goes through—is leaving for six months, so Maeve will be sent to live with her dad in Vancouver. Vancouver brings a slew of new worries, but Maeve finds brief moments of calm (as well as even more worries) with Salix, a local girl who doesn't seem to worry about anything. Between her dad's wavering sobriety, her very pregnant stepmom insisting on a home birth, and her bumbling courtship with Salix, this summer brings more catastrophes than even Maeve could have foreseen. Will she be able to navigate through all the chaos to be there for the people she loves? An ALA Rainbow Book List selection A Bank Street Best Book of the Year "With Maeve, Mac delivers a character who's heartwarming and sympathetic, and her story provides a much needed mirror for anxious queer girls everywhere."—Kirkus, Starred review "This is a good companion book for other anxiety-riddled stories, such as *The Shattering* by Karen Healey, and *Finding Audrey* by Sophie Kinsella."—Booklist "This hopeful offering will resonate with young people for their own lives, even if the journey is hard and takes time and

patience...[a] compelling portrait of a teen's experiences with anxiety and challenging family dynamics."--SLJ "Mac carefully makes clear that Maeve is plenty able to find joy other places than the perfect girl and that she's working at dealing with her own problems; the romance is therefore lovely and cozy and free from overtones of dependency. The descriptions of anxiety are true and powerful, and romance buffs will likely revel in a book celebrating deep connection."—The Bulletin "Mac is good at showing how a dread-filled mind works... What Mothers Do Especially When It Looks Like Nothing *Penguin*

Instead of preaching what mothers ought to do, psychotherapist Naomi Stadlen explains what mothers already do in the course of any exhausting day's work. Drawing from countless conversations with hundreds of mothers spanning more than a decade, *What Mothers Do* provides lucid insight into the true experience of motherhood and answers the perennial question common to mothers everywhere: What have I done all day? Stadlen's wise reflections, threaded throughout with the voices of real mothers, explore unsentimental reactions to motherhood—resentment, guilt, splintered identity, crippling inefficiency, and deadening fatigue. Yet the overriding sentiment is one of empowerment and wonder, as Stadlen illustrates how seemingly insignificant skills such as responding to a baby's colicky cry, being instantly interruptible, or soothing an overstimulated child to sleep profoundly contribute to an individual's socialization, self-worth, and curiosity. Remarkably perceptive and heartening,

What Mothers Do will resonate with mothers everywhere in search of understanding and wisdom.

This newly discovered gem from the past (2005) has become a must-read, thanks in no small part to the success of Green's 2012 masterpiece: *The Fault in Our Stars*. As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's tales of teen angst and tragedy. Looking for Alaska tells the story of Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" portion of Looking for Alaska, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.
