The Game of Life (and How to Play It) by Florence Scovel Shinn *Createspace Independent Publishing Platform*

Most people consider life a battle, but it is not a battle, it is a game. It is a game, however, which cannot be played successfully without the knowledge of spiritual law, and the Old and the New Testaments give the rules of the game with wonderful clearness. Jesus the Christ taught that it was a great game of Giving and Receiving. If we give hate, we will receive hate; if we give love, we will receive love; if we give criticism, we will receive criticism; if we lie we will be lied to; if we cheat we will be cheated. We are taught also, that the imaging faculty plays a leading part in the game of life. Keep thy heart (or imagination) with all diligence, for out of it are the issues of life." (Prov. 4:23.)

The Millionaire Next Door *Rosetta Books*

How do the rich get rich? An updated edition of the "remarkable" New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park Avenue. They live next door. America's

wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as "rich" are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. "Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture." —Library Journal

How to Win Every Argument

The Use and Abuse of Logic *Bloomsbury Publishing*

In the second edition of this witty and infectious book, Madsen Pirie builds upon his guide to using - and indeed abusing - logic in order to win arguments. By including new chapters on how to win arguments in writing, in the pub, with a friend, on Facebook and in 140 characters (on Twitter), Pirie provides the complete guide to triumphing in altercations ranging from the everyday to the downright serious. He identifies with devastating examples all the most common fallacies popularly used in argument. We all like to think of ourselves as clear-headed and logical - but all readers will find in this book

fallacies of which they themselves are guilty. The author shows you how to simultaneously strengthen your own thinking and identify the weaknesses in other people arguments. And, more mischievously, Pirie also shows how to be deliberately illogical - and get away with it. This book will make you maddeningly smart: your family, friends and opponents will all wish that you had never read it. Publisher's warning: In the wrong hands this book is dangerous. We recommend that you arm yourself with it whilst keeping out of the hands of others. Only buy this book as a gift if you are sure that you can trust the recipient.

Set across two cities in India in the early eighties, *Life is What You Make It* is a gripping account of a few significant years of Ankita's life. Ankita Sharma has the world at her feet. She is young, good-looking, smart and tones of friends and boys swooning over her. She also manages to get into a premier management school for her MBA. Six months later, she is a patient in a mental health hospital. Life has cruelly

and coldly snatched that which meant the most to her and she must now fight to get it all back. It is a deeply moving and inspiring account of growing up, of the power of faith and how determination and an indomitable spirit can overcome even what destiny throws at you. A tale, at its core a love-story that makes us question our beliefs about ourselves and our concept of sanity, and forces us to believe that life is truly what one makes it.

PostSecret

Extraordinary Confessions from Ordinary Lives *Harper Collins*

The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its

own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.
