But beneath its effervescent tone, more complex themes are at play.” —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she’s part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a giant sculpture. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. The beginning of an exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful novel of now.

DemoCRIPS and ReBLOODlicans

No More Gangs in Government *Simon and Schuster*

DemoCRIPS and ReBLOODlicans uncovers the truth about how corporations have bought the American electoral and legislative process through the power of lobbyists, campaign contributions and political action committees. Covering historical details such as the development of the two-party system and the advent of third-party candidates throughout US history, *DemoCRIPS and ReBLOODlicans* exposes how the two-major parties, acting like a gang-land cabal, have allowed corporations, businesses and politically-motivated wealthy individuals to manipulate elections, bribe elected officials and, in short, silence the average American voter. Exposing the ineptitude of both parties at insuring the integrity and vitality of American democracy, Jesse Ventura advocates the replacement of the two-party system for a no party system based on the ideals of our Founding Fathers. As election time rolls around, this is most certainly the book that should be looked at for reforming our electorate system. The knowledge and research that have gone into *DemoCRIPS and ReBLOODlicans* is unmatched, and if there was to be change, this is most certainly where it should start!

A Memoir of My Life with OCD *Simon and Schuster*

A brave teen recounts her debilitating struggle with obsessive-compulsive disorder—and brings readers through every painful step as she finds her way to the other side—in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act "normal," the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison's descent and ultimately hopeful climb out of the depths.
