The final (optional) element of the sequence gives the values of the syntactic functions, adjuncts and specifiers (in any order, distinguished by their role names). From the Cambridge English Corpus These examples are from the Cambridge English Corpus and from sources on the web.

OPTIONAL | meaning in the Cambridge English Dictionary

There are two sets of optional Maths papers available for children to use as practice papers. Because they are now a little adrift from the syllabus and the new format of KS2 tests they should not be used to mean anything definitive in terms of results. When these papers are used they should simply be seen as a good benchmark of progress.
