Religio Medici and Urne-Buriall (New York Review Books ...

By the usual criteria, Sir Thomas Browne's *Religio Medici* and *Urne Buriall* are unarguably classics. They were written in the mid-17th century, and are still in print to this day. They are the subject of ongoing commentary and analysis, and form the subject matter of graduate school courses in English literature.

Hydriotaphia, or Urne-Buriall, first published in 1658, was Browne's prose meditation on the discovery in a field near the village of Great Walsingham in Norfolk of between

forty and fifty urns containing human ashes, bone fragments and funerary objects. He reflects upon the different funeral practices of people from earlier cultures, and how they thought about the afterlife.

Religio Medici and Urne-Buriall on Apple Books

In Religio Medici Browne mulls over the relation between his medical profession and his profession of the Christian faith, pondering the respective claims of science and religion, questions that are still very much alive today. The discovery of an ancient burial site in an English field prompted Browne to write Urne-Buriall, which is both an early anthropological examination of different practices of interment and a profound meditation on mortality.
