To Train Up a Child by Michael Pearl - Goodreads

Answer: Solomon's advice to parents is
to "train a child in the way he should go,
and when he is old he will not turn from
it" (Proverbs 22:6). Raising and training
a child within the context of this proverb
means that it begins with the Bible, as
"all Scripture is God-breathed and is
useful for teaching, rebuking, correcting
and training..." (2 Timothy 3:16).

What does it mean to train up a child in the way he should ...

This suggests that the initial imperative
calls for parents to actively devote or
commit their youth to a certain, perhaps
even religious, course of action —
continually pleading in the presence of

God and others, "May what happens in the life of this young one ever magnify the greatness, worth, sufficiency, and saving power of our God." "Train up" may, therefore, be too weak of a translation and miss the potential element of consecration to religious and moral direction (Waltke, 204).

Train a child in the way appropriate for him, and when he becomes older, he will not turn from it (ISV). Training up a child is to teach, train, direct, start, and to give instruction to them.
