Behavioural

Problems in

Adolescent Period: Amazon.co.uk: M ...

Adolescents are in an awkward stage between childhood and adulthood that often leaves them moody, resentful, curious, and sometimes afraid or confused. This is also the time period during which they tend to portray themselves as more mature and capable of making decisions than they actually are, as well as to pay less attention to parents' advice.

18 Areas Of Normal Adolescent Behavior | Betterhelp

The problems adolescents face during the long period of growing up have both biological and social roots. Physical changes and deviation can create many

problems. Society also creates problems for adolescents.

Adolescents in western societies behave differently than adolescents in eastern societies owing to varying social norms

11

Adolescence is a critical period for young people's mental health and wellbeing. The most recent data shows that one in seven 11 to 16 year olds have a diagnosable mental health disorder. 7
