The Panza Monologues. Like *The Vagina Monologues*, *The Panza Monologues* is a collection of short

performances based on interviews and stories of different women. But instead of being about vaginas, it's about panzas –Spanish for bellies. The play focuses on the lives of Latina women, putting the panza “front and center as a symbol that reveals the lurking truths about women’s thoughts, lives, loves, abuses, and lived conditions.”.

The Panza Monologues - Ms. Magazine

“I must say/ I love her panza / It's full and round / Perfect in all is roundness / I love kissing her panza / It's so perfect in all her fullness” (from "Panza to Panza," page 70). I love this monologue and these particular opening lines because the panza is most

radical and political when we start to talk about sexuality, and also the opening lines, for me at least, convey vulnerability in a relationship.
