If I Were An Evil

The Evil Overlord List, also known as If I Were An Evil Overlord, is one of several popular lists of planned actions for a competent Evil Overlord to avoid the well-known, cliché blunders committed by supervillains in popular fictional works, typically explained in a comical fashion. The lists were compiled by science fiction fans over a number of years, and copies of the list that can be found on the Internet vary in number and order of entries.

Evil Overlord List - Wikipedia

If I Were an Evil Overlord is explicitly based off the Evil Overlord List (here, if you're unfamiliar), though not all the stories acknowledge that, or even go for humor. It starts out funny with the ever-amazing Esther Friesner then moves through stories until the last story, where the hero? gets put into rehab for not being evil enough.

Evil data shenanigans get exponentially more difficult if I were trying to manipulate data while having work being closely evaluated. Of course, that's not to say it'd be impossible. Everyone's usually so busy with their own work that they'd rarely want to spend the time to do a full audit of my work.

A friend and I were watching some old James Bond movies and talking about their grandiose evil plans (as opposed to the mediocre evil plans of more recent movies). The conversation turned to melting the polar ice caps and flooding much of the world. His idea was to use a solar reflector; mine was to use nuclear weapons.

The first three stories I listed were all read when I first got the book. "If Looks Could Kill" was hilarious, although it wasn't really about an overlord, but a hero's sidekick. The next two stories were what I expected of the book: stories of people who became evil overlords or who were overlords playing with their worlds, changing fate.

This Evil Overlord List grew out of the exchanges on what is now the Star Trek mailing list "shields-up@spies.com", beginning in 1994 (when it was still "startrek@cs.arizona.edu"). We were kicking around cliches that appeared on "Deep Space 9" at the time, and I started to compile a list of classic blunders they were

making.
