To define the project and agree with the customer: - it is the responsibility of a project manager to define the project and its benefits to the interested parties that is, clients or customers. It is his duty to ensure whatever the customer wants or needs or expects through project gets it at the end of the deadline for closing of project.

Project Management And Its Legal Aspects - iPleaders

Psychological projection is a defense mechanism in which the ego defends itself against unconscious impulses or qualities (both positive and negative) by denying their existence in themselves by attributing them to others. For example, a bully may project their own feelings of vulnerability onto the target. It incorporates blame shifting and can manifest as shame dumping.

Psychological projection - Wikipedia

Skipping the Risk of Legal Issues In these days of "I'll sue," not only do you need to be clear with clients and stakeholders, but also with your project teams on what is expected of them and what your project management service agreement outlines. Contract law, in and of itself, is a tricky legal game and it can vary from state to state.
