[Books] Delivering New Homes Planning Processes And Providers

2 The planning system is vital to providing new homes as it helps government and local authorities to determine how many, where and what type of new homes are built. The planning system also helps to identify what areas need to be protected or enhanced and to assess whether proposed development is suitable and will benefit the economy

Report Ministry of Housing, Communities & Local Government

Theresa May has launched new planning reforms to maximise the use of land, strengthen

protections for the Green Belt and put greater emphasis on converting planning permissions into homes, to help deliver the homes the country needs. The government has already delivered more than a million homes since 2010, and last year saw the biggest increase in housing supply in England – over 217,000 new homes – for almost a decade.

Government launches new planning reforms to deliver homes ...

In the Budget, given on 11 March 2020, the Chancellor outlined new funding and government plans for house-building, including over £1 billion of allocations from the Housing Infrastructure Fund to build nearly 70,000 new homes in high demand areas across the country. In the spring, says Ministry of Housing, Communities & Local Government, Government will publish an ambitious Planning White Paper which will 'offer creative solutions to establish a planning system that works for the next ...

MHCLG commits to 'deliver on infrastructure first' in new ho

Your local planning authority is responsible for deciding whether a development, anything from an extension on a house to a new shopping centre, should go ahead. The Government has published a plain English guide giving an overview of how the planning system works in England.

Introduction | About the Planning System | Planning Portal

Kit Malthouse, the housing minister, said: “This Government is determined to restore the dream of home ownership for a new generation by delivering 300,000 homes a year by the mid-2020s.

Planning system problems hinder push to build 300,000 ...

- Ensure the planning system supports an increase in homes, in the places that need it most.
- Bring forward an Accelerated Planning Green Paper to equip local authorities and the Planning Inspectorate to make swift and effective planning decisions.
- Improve productivity and competition in the housing market, opening it up to
